[Passed April 5, 2017; in effect 90 days from passage]
AN ACT to amend and reenact §11-1C-2, §11-1C-4 and §11-1C-7 of the Code of West Virginia, 1931, as amended; and to amend and reenact §59-1-10 of said code, all relating to the reproduction, distribution and sale of tax maps; defining terms; specifying powers of the Property Valuation Training and Procedures Commission to promulgate rules; specifying duties of county assessors; requiring that sale, reproduction and distribution of certain records be in accordance with specified legislative rules; and specifying certain fees.

Be it enacted by the Legislature of West Virginia:

That §11-1C-2, §11-1C-4 and §11-1C-7 of the Code of West Virginia, 1931, as amended, be amended and reenacted; and that §59-1-10 of said code be amended and reenacted, all to read as follows:

CHAPTER 11. TAXATION.

ARTICLE 1C. FAIR AND EQUITABLE PROPERTY VALUATION.

§11-1C-2. Definitions.

For the purposes of this article, the following words shall have the meanings hereafter ascribed to them unless the context clearly indicates otherwise:

(a) "Timberland" means any surface real property except farm woodlots of not less than ten contiguous acres which is primarily in forest and which, in consideration of their size, has sufficient numbers of commercially valuable species of trees to constitute at least forty percent normal stocking of forest trees which are well distributed over the growing site.

(b) "Managed timberland" means surface real property, except farm woodlots, of not less than ten contiguous acres which is devoted primarily to forest use and which, in consideration of their size, has sufficient numbers of commercially valuable species of trees to constitute at least forty percent normal stocking of forest trees which are well distributed over the growing site and that is managed pursuant to a plan provided for in section ten of this article: Provided, That none of the following may be considered as managed timberland within the meaning of this article:
(1) Any tract or parcel of real estate, regardless of its size, which is part of any subdivision that is approved or exempted from approval pursuant to the provisions of a planning ordinance adopted under the provisions of article twenty-four, chapter eight of this code; or

(2) Any tract or parcel of real estate, regardless of its size, which is subject to a deed restriction, deed covenant or zoning regulation which limits the use of that real estate in a way that precludes the commercial production and harvesting of timber upon it.

(c) "Tax Commissioner," "commissioner" or "tax department" means the State Tax Commissioner or a designee of the State Tax Commissioner.

(d) "Valuation commission" or "commission" means the commission created in section three of this article.

(e) "County board of education" or "board" means the duly elected board of education of each county.

(f) "Farm woodlot" means that portion of a farm in timber but may not include land used primarily for the growing of timber for commercial purposes except that Christmas trees, or nursery stock and woodland products, such as nuts or fruits harvested for human consumption, shall be considered farm products and not timber products.

(g) "Owner" means the person who is possessed of the freehold, whether in fee or for life. A person seized or entitled in fee subject to a mortgage or deed of trust securing a debt or liability is deemed the owner until the mortgagee or trust takes possession, after which such mortgagee or trustee shall be deemed the owner. A person who has an equitable estate of freehold or is a purchaser of a freehold estate who is in possession before transfer of legal title is also deemed the owner.

(h) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic or similar capabilities.

(i) "Paper" means a tax map or document that is not electronic.
The definitions in subdivisions (f) and (g) of this section shall apply to tax years beginning on or after January 1, 2001.

§11-1C-4. Commission powers and duties; rulemaking.

(a) On or before October 1, 1990, and thereafter as necessary the Property Valuation Training and Procedures Commission shall perform the following duties:

(1) Devise training and certification criteria for county assessors and their employees and members of county commissions, which shall include a definition of "appropriate staff member" as the term is used in section six of this article relating to required training, which definition shall include deputy assessors as provided for in section three, article two of this chapter;

(2) Establish uniform, statewide procedures and methodologies for the mapping, visitation, identification and collection of information on the different species of property, which procedures and methodologies shall include reasonable requirements for visitation of property, including a requirement that a good faith effort be made to contact any owner of owner-occupied residential property: Provided, That the commission is not authorized to establish the methods to value real and personal property, but shall have the authority to approve such methods;

(3) Develop an outline of items to be included in the county property valuation plan required in section seven of this article, which shall include information to assist the Property Valuation Training and Procedures Commission in its determination of the distribution of state funds provided pursuant to section eight of this article.

(b) On or before July 1, 1991, the commission shall establish objective criteria for the evaluation of the performance of the duties of county assessors and the Tax Commissioner.

(c) In the event the Tax Commissioner and a county assessor cannot agree on the content of the plan required under section seven of this article, the commission shall examine the plan and the objections of the Tax Commissioner and shall resolve the dispute on or before the first day of the fiscal year following the fiscal year in which the plan was submitted to the commission for resolution.
(d) The commission may make such rules as it considers necessary to carry out the provisions of this section, which rules shall include procedures for the maintenance and use of paper and electronic tax maps but specifically excluding rules that relate to the sale, reproduction and distribution of the maps and associated data. Any rules adopted by the commission prior to October 1, 1990, under subsection (a) of this section are exempt from the provisions of article three, chapter twenty-nine-a of this code: Provided, That the commission shall file a copy of any rule so exempted from the provisions of chapter twenty-nine-a of this code with the Legislative Rule-Making Review Committee created pursuant to section eleven, article three of said chapter prior to November 30, 1990.

(e) The commission may make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article.

(f) In order to fund the costs of the requirements of this article, the valuation commission may, on a one-time basis, borrow $5 million and distribute those funds according to need and the valuation plan submitted by the counties. Upon request of the valuation commission, the State Board of Investments shall loan, under commercially reasonable terms to be determined by the parties, up to $5 million to the valuation commission, on a one-time basis, from one of the various funds administered by the State Board of Investments.

(g) The commission shall be required, if the Tax Commissioner has failed to do so, to appoint one or more special assessors if it is the determination of the commission that an assessor has substantially failed to perform the duties required by sections seven and eight of this article. A writ of mandamus shall be the proper remedy if the commission fails to perform any of its duties required by law.

§11-1C-7. Duties of county assessors; property to be appraised at fair market value; exceptions; initial equalization; valuation plan.

(a) Except for property appraised by the State Tax Commissioner under section ten of this article and property appraised and assessed under article six of this chapter, all assessors shall,
within three years of the approval of the county valuation plan required pursuant to this section, appraise all real and personal property in their jurisdiction at fair market value except for special valuation provided for farmland and managed timberland. They shall utilize the procedures and methodologies established by the Property Valuation Training and Procedures Commission and the valuation system established by the Tax Commissioner.

(b) In determining the fair market value of the property in their jurisdictions, assessors may use as an aid to valuation any information available on the character and values of such property, including, but not limited to, the updated information found on any statewide electronic data processing system network established pursuant to section twenty-one, article one-a of this chapter. Valuations may not be based exclusively on the statewide electronic data processing system network and usage of the information on the files as an aid to proper valuation does not constitute an implementation of the statewide mass reappraisal of property.

(c) Before beginning the valuation process, each assessor shall develop a county valuation plan for using information currently available, for checking its accuracy and for correcting any errors found. The plan must be submitted to the Tax Commissioner on or before December 1, 1990, for review and approval and the plan must be revised as necessary and resubmitted every three years thereafter. Whenever a plan is submitted to the Tax Commissioner, a copy shall also be submitted to the county commission of that county and the Property Valuation Training and Procedures Commission and that county commission and the Property Valuation Training and Procedures Commission may forward comments to the Tax Commissioner. The Tax Commissioner shall respond to any plan submitted or resubmitted within sixty days of its receipt. The valuation process shall not begin nor shall funds provided in section eight of this article be available until the plan has received approval by the Tax Commissioner. Provided, That any initial plan that has not received approval by the commissioner prior to May 1, 1991, shall be submitted on or by such date to the valuation commission for resolution prior to July 1, 1991, by which date all counties shall have an approved valuation plan in effect.
(d) Upon approval of the valuation plan, the assessor shall immediately begin implementation of the valuation process. Any change in value discovered subsequent to the certification of values by the assessor to the county commission, acting as the board of equalization and review, in any given year shall be placed upon the property books for the next certification of values: Provided, That notwithstanding any other provision of this code to the contrary, the Property Valuation Training and Procedures Commission may authorize the Tax Commissioner to approve a valuation plan and the Board of Public Works to submit such a plan which would permit the placement of proportionately uniform percentage changes in values on the books that estimate the percentage difference between the current assessed value and sixty percent of the fair market value for classes or identified subclasses of property and distribute the change between the two tax years preceding the tax year beginning on July 1, 1993. This procedure may be used in lieu of placing individual values on the books at sixty percent of value as discovered or may be in addition to the valuation. If this procedure is adopted by a county, then property whose reevaluation is the responsibility of the Board of Public Works and the state Tax Commissioner shall have its values estimated and placed on the books in like manner. The estimates shall be based on the best information obtained by the assessor, the Board of Public Works and the Tax Commissioner and the changes shall move those values substantially toward sixty percent of fair market value, such sixty percent to be reached on or before July 1, 1993.

(e) (1) The county assessor shall establish and maintain as official records of the county tax maps of the entire county drawn to scale or aerial maps, which maps shall indicate all property and lot lines, set forth dimensions or areas, indicate whether the land is improved and identify the respective parcels or lots by a system of numbers or symbols and numbers, whereby the ownership of such parcels and lots can be ascertained by reference to the appropriate records: Provided, That all such records shall be established and maintained in accordance with legislative rules promulgated by the commission.
(2) The paper and electronic tax maps including mineral boundary maps shall be made available for sale by the assessor and the map sales unit of the Property Tax Division of the Department of Revenue. In connection with these sales the assessor and map sales unit of the Property Tax Division of the Department of Revenue shall offer the electronic tax maps in all available formats and with all underlying map data including that necessary to tie electronic parcel data to associated land book ownership and related data. Sales of paper and electronic tax maps shall be without limitation as to the reproduction or disclosure of information contained therein or thereon by the purchaser. The fees charged for the sale or reproduction of paper and electronic tax maps by the assessor or the map sales unit of the Property Tax Division of the Department of Revenue shall be limited to those reasonably calculated to reimburse it for its actual cost in making reproductions of the records (i.e., the charge shall be no more than what is reasonable for disclosure of the information under a Freedom of Information Act request under article one, chapter twenty-nine-b of this code). Tax maps are prepared for taxation purposes only and the assessor and map sales unit of the Property Tax Division of the Department of Revenue may have no liability to any third party for any errors or omissions associated therewith or in connection with the use of tax maps for any other purpose.

(f) Willing and knowing refusal of the assessor or the county commission to comply with and effect the provisions of this article, or to correct any deficiencies as may be ordered by the Tax Commissioner with the concurrence of the valuation commission under any authority granted pursuant to this article or other provisions of this code, are grounds for removal from office. A removal may be appealed to the circuit court.
