11 McCoy Recreation Area; and requiring all persons operating or riding upon an ATV, UTV,

*Be it enacted by the Legislature of West Virginia:*

**ARTICLE 14. HATFIELD-MCCOY REGIONAL RECREATION AUTHORITY.**

**§20-14-1. Legislative findings.**

1 The West Virginia Legislature finds that there is a significant need within the state and  
2 throughout the eastern United States for well-managed facilities for trail-oriented recreation for  
3 off-highway motor vehicle enthusiasts. The Legislature further finds that under an appropriate  
4 contractual and management scheme, well-managed, trail-oriented recreation facilities could  
5 exist on private property without diminishing the landowner's interest, control, or profitability in the  
6 land and without increasing the landowner's exposure to liability.

7 The Legislature further finds that, with the cooperation of private landowners, there is an  
8 opportunity to provide trail-oriented recreation facilities primarily on private property in the  
9 mountainous terrain of southern West Virginia and that the facilities will provide significant  
10 economic and recreational benefits to the state and to the communities in southern West Virginia

11 through increased tourism in the same manner as whitewater rafting and snow skiing benefit the  
12 state and communities surrounding those activities.

13 The Legislature further finds that the economic benefits of trail development are only  
14 realized when the ridership is concentrated in specific areas. Before private capital will be brought  
15 to the marketplace in support of a recreational trail system, a density of trail ridership must be  
16 demonstrated and sustained over a period of years to warrant the investment. Therefore, any  
17 expansion of the state's recreational trail systems must be strategic and require a showing that  
18 the new trail system would not only expand visitation, but would not materially detract from the  
19 visitation and ridership on existing trail systems where numerous private and public investments  
20 have already been made.

21 The Legislature further finds that the creation and empowering of a joint development  
22 entity to work with the landowners, county officials and community leaders, state and federal  
23 government agencies, recreational user groups, and other interested parties to enable and  
24 facilitate the implementation of the facilities will greatly assist in the realization of these potential  
25 benefits.

26 The Legislature further finds that it is in the best interests of the state to encourage private  
27 landowners to make available for public use through the Hatfield-McCoy Regional Recreation  
28 Authority land for these recreational purposes by limiting their liability for injury to persons entering  
29 thereon, by limiting their liability for injury to the property of persons entering thereon, and by  
30 limiting their liability to persons who may be injured or otherwise damaged by the acts or  
31 omissions of persons entering thereon.
