Any aggrieved person may appeal the decision of the county superintendent to the county board, and the decision of the county board is final.

(b) Definitions. – For the purposes of this section, unless a different meaning clearly appears from the context:

“Nonresident student” means a student who resides in this state and who is enrolled in or is seeking enrollment in a county school district other than the county school district in which the student resides.

“Open enrollment” means a policy adopted and implemented by a county board to allow nonresident students to enroll in any school within the district. Open enrollment is distinct from a mutual agreement of two county boards regarding mass transfer of students, as contemplated in §18-5-13(f)(1)(C) of this code.

(c) Enrollment policies. – County boards shall establish and implement an open enrollment policy without charging tuition and without obtaining approval from the board of the county in which a student resides and transfers. These policies shall clearly articulate any admission criteria, application procedures, transportation provisions, timelines for open enrollment periods, and restrictions on transfers due to building capacity constraints. Enrollment policies are subject to the following:

(1) A county board may give enrollment preference to:

(A) Siblings of students already enrolled through the open enrollment policy;

(B) Secondary students who have completed 10th grade and, due to family relocation, become nonresident students, but express the desire to remain in a specific school to complete their education;

(D) Students whose legal residences, though geographically within another county, are more proximate to a school within the receiving county, whether calculated by miles or transportation time; and

(E) Students who reside in a portion of a county where topography, impassable roads, long bus rides, or other conditions prevent the practicable transportation of the student to a school within the county, and a school within a contiguous county is more easily accessible.

(2) A county must comply with all enrollment requirements for children who are in foster care or who meet the definition of unaccompanied youth prescribed in the McKinney-Vento Homeless Assistance Act (42 U.S.C. § 11434a(6)).

(3) The county board for the county educating the nonresident student may provide an adequate means of transportation to nonresident students when students have complied with the procedure for obtaining authorization to attend school outside their county of residence, subject to the following:

(A) County boards of education are not required to uniformly provide nonresident student transportation, and may consider whether a nonresident student meets the eligibility criteria for free or reduced price lunch and milk established within the Richard B. Russell National School Lunch Act (42 U.S.C. § 1758); and

(B) The county board for the county educating the nonresident student shall provide transportation to and from the school of attendance, or to and from an agreed pickup point on a regular transportation route, or for the total miles traveled each day for the nonresident student to reach the school of enrollment if the nonresident student is a student with disabilities and has an individualized education program that specifies that transportation is necessary for fulfillment of the program.

(d) Appeal. – The state board of education shall establish a process whereby a parent or guardian of a student may appeal the refusal of a county board to accept the transfer of the
student. If during the appeal process, the State Superintendent discovers that the education and
the welfare of the student could be enhanced, the State Superintended may direct that the student
may be permitted to attend a school in the receiving county.

(e) Net enrollment. — For purposes of net enrollment as defined in §18-9A-2 of this code,
whenever a student is transferred on a full-time basis from one school district to another district
pursuant to the provisions of this section, the county to which the student is transferred shall
include the student in its net enrollment: Provided, That if, after transferring to another county, a
student chooses to return to a school in his or her county of residence after the second month of
any school year, the following applies:

transferred for the amount, determined on a pro rata basis, that the county of residence otherwise
would have received under the state basic foundation program established in §18-9A-1 et seq. of
this code; and

(2) The county from which the student transferred shall reimburse the county of residence
for the amount of the invoice.

(f) Transfers between states. — Transfer of students from this state to another state shall
be upon such terms, including payment of tuition, as shall be mutually agreed upon by the board
of the receiving county and the authorities of the school or district from which the transfer is made.

(g) No parent, guardian, or person acting as parent or guardian is required to pay for the
transfer of a student or for the tuition of the student after the transfer when the transfer is carried
out under the terms of this section.

(h) Nothing in this section supersedes the eligibility requirements for participation in extra-
curricular activities established by the Secondary Schools Activities Commission.

(i) The amendments to this section during the 2019 First Extraordinary Session of the
Legislature shall be effective for school years beginning on or after July 1, 2020, and the

(c) Any pupil attending a school in a district of this state adjacent to the district of residence during the school year 1984-1985, is authorized to continue such attendance in the adjacent district, and, upon written request therefor by the parent or guardian, any person who is entitled to attend the public schools of this state and who resides in the same household and is a member of the immediate family of such pupil is authorized to enroll in such adjacent district. The transferor and transferee school districts shall effectuate any transfer herein authorized in accordance with the provisions of this section.

(d) Whenever a pupil is transferred from one school district to another district on a full-time or part-time basis, the board of education of the school district in which the pupil is a bona fide resident shall pay to the board of education of the school district to which the pupil is transferred a tuition that is agreed upon by both such boards. Tuition for each full-time pupil shall not exceed the difference between the state aid per pupil received by the county to which the pupil is transferred and the county cost per pupil in the county to which said pupil is transferred.
(e) For purposes of net enrollment as defined in §18-9A-2 of this code: (1) Whenever a pupil is transferred on a full-time basis from one school district to another district pursuant to the provisions of this section, the county to which the pupil is transferred shall include such pupil in its net enrollment; and (2) whenever a pupil is transferred on a part-time basis from one school district to another school district pursuant to the provisions of this section, the county in which the student is a bona fide resident shall count the pupil in its net enrollment.

(d) The state board shall establish guidelines for the exceptions authorized in this section, but in no event shall the superintendent except classrooms having more than three pupils above the pupil-teacher ratio as set forth in this section.
(e) The requirement for approval of an exception to exceed the 20 pupils per kindergarten teacher per session limit or the 25 pupils per teacher limit in grades one through six is waived in schools where the schoolwide pupil-teacher ratio is 25 or less in grades one through six: Provided, That a teacher shall not have more than three pupils above the teacher/pupil ratio as set forth in this section. Any kindergarten teacher who has more than 20 pupils per session and any classroom teacher of grades one through six who has more than 25 pupils, shall be paid additional compensation based on the affected classroom teacher's average daily salary divided by 20 for kindergarten teachers, or 25 for teachers of grades one through six, for every day times the number of additional pupils enrolled up to the maximum pupils permitted in the teacher's classroom. (h) The state board shall collect from each county board of education information on class size and the number of pupils per teacher for all classes in grades seven through 12. The state board shall report such information to the Legislative Oversight Commission on Education Accountability before January 1, of each year.

The study shall include, but is not limited to, an examination of the following issues:

(1) The effect on student learning of limits on the number of pupils per teacher in a classroom in elementary classes and in a middle and high school format in which students have different teachers for different subject matter instruction;

(2) The effect on the equity among teachers in a middle school in which the number of pupils per teacher in a classroom is limited for some teachers and not for others, including the additional pay for certain teachers in whose classrooms the limits are exceeded; and

(d) The state board may adopt rules consistent with the provisions of this section that define the role of a school counselor based on the "National Standards for School Counseling
Programs” of the American School Counselor Association. A school counselor is authorized to perform such services as are not inconsistent with the provisions of the rule as adopted by the state board. To the extent that any funds are made available for this purpose, county boards shall provide training for counselors and administrators to implement the rule as adopted by the state board.

(e) Each county board shall develop a comprehensive drop-out prevention program utilizing the expertise of school counselors and any other appropriate resources available.

(f) School counselors shall be full-time professional personnel, shall spend at least 80 percent of work time in a direct counseling relationship with pupils, and shall devote no more than 20 percent of the work day to administrative activities: Provided, That such activities are counselor related.

operation of the school in accordance with §18-5A-3 of this code and may include in the proposal
a request for a waiver of rules and policies of the county board and state board, state

(k) In any and all matters which may fall within the scope of both the school improvement
councils and the school curriculum teams authorized in section five of this article, the school

(n) The State Board of Education shall provide assistance to a local school improvement council upon receipt of a reasonable request for that assistance. The state board also may solicit proposals from other parties or entities to provide orientation training for local school improvement council members and may enter into contracts or agreements for that purpose. Any training for members shall meet the guidelines established by the state board.

§18-5A-3. County board authority to designate innovation schools; local school improvement council proposals of alternatives to operation of school; process for requesting waivers of rules, policies, interpretations and statutes to implement alternatives.

(a) The intent of this section is to encourage and facilitate the design and implementation of innovative initiatives by local schools, working through their local school improvement councils, that meet the school's needs and circumstances. A school level initiative may propose alternatives to the operation of the public school that will enable the school to better meet or exceed the high quality standards established by the state board, increase administrative efficiency, enhance the delivery of instructional programs, promote student engagement in the learning process, promote business partnerships, promote parent and community involvement at the school, or improve the educational performance of the school generally. In accordance with this intent, a local school improvement council established under the provisions of §18-5A-2 of this code may submit to its
county board proposed alternatives to the operation of the public school in accordance with this section. If the county board approves the proposal in accordance with this section, it may designate the school as an innovation school and may provide funding to support implementation of the proposal, if necessary.

(b) An alternative proposed by a local school improvement council shall set forth:

(1) The objective or objectives to be accomplished under the proposal;

(2) How the accomplishment of such objective or objectives will meet or exceed the standards established by the state board;

(3) The indicators upon which the meeting of such standards should be judged;

(4) A projection of any funds to be saved by the proposal and how such funds will be reallocated within the school, or any costs associated with the proposal and proposed funding sources; and

(5) Any policies or rules promulgated by the state or county board, any state superintendent interpretations and any state statutes for which a waiver will be required for the proposed alternative to be implemented; and

(c) For an alternative to be proposed, at least two thirds of the members of the local school improvement council must vote in favor of the proposal. If the alternative to be proposed includes the request for a waiver of policies or rules promulgated by the state or county board, state superintendent interpretations or state statutes affecting employees, then prior to the proposal of the alternative, a majority of the local affected employee group must agree.

(d) A local school improvement council shall submit its proposed alternative to the county board. The county board shall acknowledge receipt of the proposal and promptly review the proposed alternative. The county board may request additional information and clarifications from the local school improvement council regarding the proposed alternative. The county board shall approve or disapprove the proposal and return it to the council with a statement of the reasons for the action taken, subject to the following:
Enr. HB 206

(1) If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the county board, approval of the proposal by the county board constitutes a grant of the waiver;

(2) If an alternative proposed by the local school improvement council requires the waiver of any policies or rules promulgated by the state board and the county board approves the proposal except that a waiver by the state board is required, the county board shall forward the approved proposal to the state board for final determination. The state board shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and, in its discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state board constitutes a grant of the waiver;

(3) If an alternative proposed by the local school improvement council requires the waiver of a state superintendent’s interpretation and the county board approves the proposal except that a waiver by the state superintendent is required, the county board shall forward the approved proposal to the state superintendent for final determination. The state superintendent shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or their agents and, in his or her discretion, approve implementation of the alternative or reply to the county board and council within a reasonable time as to its reasons for not approving the proposed alternative. Approval of the proposal by the state superintendent constitutes a grant of the waiver;

(4) If an alternative proposed by the local school improvement council requires the waiver of a state statute and the county board approves the proposal except that a waiver of the statute is required, the county board shall forward the approved proposal to the Legislative Oversight Commission on Education Accountability. The commission shall acknowledge receipt of the proposal and promptly review the proposed alternative in consultation with the county board or
their agents and determine whether a recommendation should be made for an Act of the Legislature to waive the statute to permit implementation of the proposed alternative;

(5) If an alternative that requires a waiver is proposed by more than one local school improvement council in the county and the county board approves, the county board may forward a consolidated proposal requesting the waiver to the appropriate bodies as provided in this subsection; and

(6) When an alternative to the operation of a school is approved, the county board shall establish a process for evaluation of the operation of the alternative. Approval for the operation of the alternative may be continued or revoked at any time based on the results and findings of the evaluation.

(e) Notwithstanding any other provisions of the law to the contrary, a local school improvement council is not prohibited from permitting off-site classrooms to be developed in conjunction with local businesses if those sites meet the requirements established by the county board for sites that are located off campus.

(f) The state board shall submit a report to the Legislative Oversight commission on education accountability and the Governor on September 1, of each year summarizing the proposed alternatives received, approved or rejected, continued or revoked during the preceding school year and the results and findings of the evaluations. The report shall specifically identify all policy, rule, and interpretation waiver requests including those requests made to county boards by local school improvement councils received during the preceding year and the disposition of each.

§18-SA-5. Public school faculty senates established; election of officers; powers and duties.

(a) There is established at every public school in this state a faculty senate which is comprised of all permanent, full-time professional educators employed at the school who shall all be voting members. “Professional educators”, as used in this section, means “professional
4 educators” as defined in chapter eighteen-a of this code. A quorum of more than one half of the
5 voting members of the faculty shall be present at any meeting of the faculty senate at which official
6 business is conducted. Prior to the beginning of the instructional term each year, but within the
7 employment term, the principal shall convene a meeting of the faculty senate to elect a chair, vice
8 chair and secretary and discuss matters relevant to the beginning of the school year. The vice
9 chair shall preside at meetings when the chair is absent. Meetings of the faculty senate shall be
10 held during the times provided in accordance with subdivision (12), subsection (b) of this section
11 as determined by the faculty senate. Emergency meetings may be held during noninstructional
12 time at the call of the chair or a majority of the voting members by petition submitted to the chair
13 and vice chair. An agenda of matters to be considered at a scheduled meeting of the faculty
14 senate shall be available to the members at least two employment days prior to the meeting. For
15 emergency meetings the agenda shall be available as soon as possible prior to the meeting. The
16 chair of the faculty senate may appoint such committees as may be desirable to study and submit
17 recommendations to the full faculty senate, but the acts of the faculty senate shall be voted upon
18 by the full body.
19 (b) In addition to any other powers and duties conferred by law, or authorized by policies
20 adopted by the state or county board or bylaws which may be adopted by the faculty senate not
21 inconsistent with law, the powers and duties listed in this subsection are specifically reserved for
22 the faculty senate. The intent of these provisions is neither to restrict nor to require the activities
23 of every faculty senate to the enumerated items except as otherwise stated. Each faculty senate
24 shall organize its activities as it considers most effective and efficient based on school size,
25 departmental structure and other relevant factors.
26 (1) Each faculty senate shall control funds allocated to the school from legislative
27 appropriations pursuant to section nine, article nine-a of this chapter. From those funds, each
28 classroom teacher and librarian shall be allotted $300 for expenditure during the instructional
29 year for academic materials, supplies or equipment which, in the judgment of the teacher or
Enr. HB 206

30 librarian, will assist him or her in providing instruction in his or her assigned academic subjects or shall be returned to the faculty senate: Provided, That nothing contained herein prohibits the funds from being used for programs and materials that, in the opinion of the teacher, enhance student behavior, increase academic achievement, improve self-esteem and address the problems of students at risk. The remainder of funds shall be expended for academic materials, supplies or equipment in accordance with a budget approved by the faculty senate. Notwithstanding any other provisions of the law to the contrary, funds not expended in one school year are available for expenditure in the next school year: Provided, however, That the amount of county funds budgeted in a fiscal year may not be reduced throughout the year as a result of the faculty appropriations in the same fiscal year for such materials, supplies and equipment. Accounts shall be maintained of the allocations and expenditures of such funds for the purpose of financial audit. Academic materials, supplies or equipment shall be interpreted broadly, but does not include materials, supplies or equipment which will be used in or connected with interscholastic athletic events.

§18A-4-5.; State salary supplement.

(a) The Legislature recognizes its constitutional responsibility to provide for a thorough and efficient system of education. To carry out this responsibility the Legislature enacted, and continues to update, as necessary, the public school support program as set forth in §18-9A-1, et seq. of this code. The public school support program is a non-discriminatory funding mechanism for financing the educational system in this state as it takes into account each county’s specific characteristics, and ensures that all counties are provided equitable funding.

(b) The Legislature further finds that the purpose of the public school support program is not to deter counties from growing economically or from using county resources in a manner that best meets their specific educational needs and the desires of their citizens. To that end, counties must have the discretion and flexibility to use local county funds, not otherwise factored into the public school support program, to provide the best education possible to their students, including, but not limited to, providing salary supplements to teachers.

(c) Subject to available state appropriations and the conditions set forth herein, each teacher and school service personnel shall receive a supplement amount as specified in §18A-4-2 and §18A-4-8a of this code, respectively, of this article in addition to the amount from the state minimum salary schedules provided in those sections. State funds for this purpose shall be paid within the West Virginia public school support plan in accordance with §18-9A-1 et seq. of this code. The amount allocated for this supplement shall be apportioned between teachers and school service personnel in direct proportion to that amount necessary to support the professional salaries and service personnel salaries statewide under §18-9A-4, §18-9A-5, and §18-9A-8 of this code.

(d) Pursuant to this section, each teacher and service person shall receive from state funds the supplement amount indicated in §18A-4-2(f) and §18A-4-8a(f) of this code, as
applicable, reduced by any amount provided by the county as a salary supplement for teachers
and school service personnel on January 1, 1984.

(e) The amount received pursuant to this section shall not be decreased as a result of any
county supplement increase instituted after January 1, 1984: Provided, That any amount received
pursuant to this section may be reduced proportionately based upon the amount of funds
appropriated for this purpose. No county may reduce any salary supplement that was in effect on
January 1, 1984, except as permitted by §18-4-5a and §18-4-5b of this code.

(f) The amendments to this section during the 2019 First Extraordinary Session of the
Legislature shall be effective for school years beginning on or after July 1, 2019, and the
provisions of this section existing immediately prior to the 2019 First Extraordinary Session of the
Legislature remain in effect for school years beginning prior to July 1, 2019.

§18A-4-5a. County salary supplements for teachers.

(a) County boards of education in fixing the salaries of teachers shall use at least the state
minimum salaries established under the provisions of this article. The board may establish salary
schedules which shall be in excess of the state minimums fixed by this article, such county
schedules to be uniform throughout the county as to the classification of training, experience,
responsibility and other requirements subject to the following:

(1) Counties may fix higher salaries for teachers placed in special instructional
assignments, for those assigned to or employed for duties other than regular instructional duties,
and for teachers of one-teacher schools;

(2) Counties may provide additional compensation for any teacher assigned duties in
addition to the teacher’s regular instructional duties wherein such noninstructional duties are not
a part of the scheduled hours of the regular school day;

(3) Counties may provide additional compensation for teachers who are assigned and fully
certified to teach in a subject area in which the county board finds it has a critical need and
shortage of fully certified teachers;
(4) Counties may provide additional compensation or other financial assistance to teachers who teach in schools that are in remote geographical locations or have experienced high rates of turnover in experienced teachers; and

(5) Counties may provide additional compensation to teachers who, in addition to regularly assigned teaching duties, are assigned as a master teacher, mentor, academic coach, or other title whose duties include providing strong school-based support and supervision to assist licensure candidates in a clinical internship, beginning teachers, and other teachers at the school to improve their professional practice as set forth in the county's comprehensive system of support for teacher and leader induction and professional growth provided for in section §18A-3C-3 of this code.

(b) In establishing such local salary schedules authorized in subsection (a) of this section, a county may not reduce local funds allocated for salaries in effect on January 1, 1990, and used in supplementing the state minimum salaries as provided for in this article, unless forced to do so by defeat of a special levy, or a loss in assessed values or events over which it has no control and for which the county board has received approval from the state board prior to making such reduction.

(c) Counties may provide, in a uniform manner, benefits for teachers which require an appropriation from local funds including, but not limited to, dental, optical, health and income protection insurance, vacation time and retirement plans excluding the State Teachers Retirement System. Nothing herein shall prohibit the maintenance nor result in the reduction of any benefits in effect on January 1, 1984, by any county board of education.

§18A-4-7a. Employment, promotion, and transfer of professional personnel; qualifications.

(a) A county board of education shall make decisions affecting the filling of vacancies in professional positions of employment on the basis of the applicant with the highest qualifications: Provided, That the county superintendent shall be hired under separate criteria pursuant to §18-4-2 of this code.
(b) In judging qualifications for the filling of vacancies of professional positions of employment, consideration shall be given to each of the following:

(1) Appropriate certification, licensure or both;

(2) Amount of experience relevant to the position or, in the case of a classroom teaching position, the amount of teaching experience in the required certification area;

(3) The amount of course work, degree level or both in the relevant field and degree level generally;

(4) Academic achievement;

(5) In the case of a principal or classroom teaching position, certification by the National Board for Professional Teaching Standards;

(6) Specialized training relevant to performing the duties of the job;

(7) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant’s performance in the teaching profession;

(8) Seniority;

(9) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(10) In the case of a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and

(11) In the case of a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties.

(c) When filling of a vacancy pursuant to this section, a county board is entitled to determine the appropriate weight to apply to each of the criterion when assessing an applicant’s qualifications: Provided, That if one or more permanently employed instructional personnel apply for a classroom teaching position and meet the standards set forth in the job posting, each
criterion under subsection (b) of this section shall be given equal weight except that the criterion
in subdivisions (10) and (11) shall each be double weighted.

(d) For a classroom teaching position, if the principal and faculty senate recommend the
same applicant pursuant to subdivisions (10) and (11), subsection (b) of this section, and the
superintendent concurs with those recommendations, then the other provisions of subsections
(b) and (c) of this section do not apply and the county board shall appoint that applicant
notwithstanding any other provision of this code to the contrary.

(e) The state board shall promulgate a rule, including an emergency rule if necessary, in
accordance with the provisions of §29A-3B-1 et seq. of this code to implement and interpret the
provisions of this section. The rule may provide for a classroom teacher who directly participates
in making recommendations pursuant to this section to be compensated at the appropriate daily
rate during periods of participation beyond his or her individual contract.

(f) The recommendations of the principal and faculty senate made pursuant to
subdivisions (10) and (11), subsection (b) of this section shall be based on a determination as to
which applicant is the most highly qualified for the position: Provided, That nothing in this
subsection may require principals or faculty senates to assign any amount of weight to any factor
in making a recommendation.

(g) With the exception of guidance counselors, the seniority of classroom teachers, as
defined in section one, article one of this chapter, shall be determined on the basis of the length
of time the employee has been employed as a regular full-time certified and/or licensed
professional educator by the county board of education and shall be granted in all areas that the
employee is certified, licensed or both.

(h) If two or more employees with the same certification establish an identical seniority
date as a result of initial employment as a regular teacher on or after July 1, 2019, the priority
between these employees shall be determined by a random selection system established by the
employees and approved by the county board. A board shall conduct the random selection within
30 days of the time the employees with the same certification establish an identical seniority date. All employees with an identical seniority date and the same certification shall participate in the random selection. As long as the affected employees hold the identical seniority date within a certification, the initial random selection conducted by the board shall be permanent for the duration of the employment of the employees by the board.

(i) Upon completion of 133 days of employment in any one school year, substitute teachers, except retired teachers and other retired professional educators employed as substitutes, shall accrue seniority exclusively for the purpose of applying for employment as a permanent, full-time professional employee. One hundred thirty-three days or more of said employment shall be prorated and shall vest as a fraction of the school year worked by the permanent, full-time teacher.

(j) Guidance counselors and all other professional employees, as defined in §18A-1-1 of this code, except classroom teachers, shall gain seniority in their nonteaching area of professional employment on the basis of the length of time the employee has been employed by the county board of education in that area: Provided, That if an employee is certified as a classroom teacher, the employee accrues classroom teaching seniority for the time that employee is employed in another professional area. For the purposes of accruing seniority under this subsection, employment as principal, supervisor or central office administrator, as defined in §18A-1-1 of this code, shall be considered one area of employment.

(k) Employment for a full employment term equals one year of seniority, but an employee may not accrue more than one year of seniority during any given fiscal year. Employment for less than the full employment term shall be prorated.

(l) All decisions on reductions in force shall be based on qualifications as set forth in a county board policy. Furthermore, for the purposes of this subsection and subsections (m) through (t), inclusive, of this section, the word “qualifications” means the qualifications set forth in county board policy and only means qualifications set forth in subsection (b) of this section to the extent
those qualifications are set forth in county board policy: Provided, That in defining the word “qualifications” in its policy, the county board:

(1) Shall consider including the following criteria:

(A) Seniority;

(B) Appropriate certification, licensure, or both;

(C) Amount of experience relevant to the position or, in the case of a classroom teaching position, the amount of teaching experience in the required certification area;

(D) The amount of course work, degree level, or both in the relevant field and degree level generally;

(E) Academic achievement;

(F) In the case of a principal or classroom teaching position, certification by the National Board for Professional Teaching Standards;

(G) Specialized training relevant to performing the duties of the job;

(H) Past performance evaluations conducted pursuant to §18A-2-12 and §18A-3C-2 of this code or, in the case of a classroom teacher, past evaluations of the applicant’s performance in the teaching profession;

(I) Other measures or indicators upon which the relative qualifications of the applicant may fairly be judged;

(J) In the case of transfer or recall to a classroom teaching position, the recommendation of the principal of the school at which the applicant will be performing a majority of his or her duties; and

(K) In the case of transfer or recall to a classroom teaching position, the recommendation, if any, resulting from the process established pursuant to the provisions of §18-5A-5 of this code by the faculty senate of the school at which the employee will be performing a majority of his or her duties;
(2) Shall consider other criteria set forth in subdivision (1) of this subsection to the extent they are included in the county board policy only after considering personnel whose last performance evaluation conducted pursuant to §18A-2-12 or §18A-3C-2 of this code, as applicable, is less than satisfactory; and

(3) May not include salary as one of the criteria in the definition.

(m) Whenever a county board is required to reduce the number of professional personnel in its employment, the selection of the employee to be properly notified and released from employment pursuant to the provisions of section two, article two of this chapter shall be based upon seniority, certification, licensure and performance evaluations. The provisions of this subsection are subject to the following:

(1) In the event of a reduction in force, a county board of education may properly notify and release from employment pursuant to the provisions of section two, article two of this chapter any classroom teacher with unsatisfactory evaluations for the previous two consecutive years regardless of years of service instead of release from employment of less senior classroom teachers with satisfactory performance evaluations;

(2) All persons employed in a certification area to be reduced who are employed under a temporary permit shall be properly notified and released before a fully certified employee in such a position is subject to release;

(3) Notwithstanding any provision of this code to the contrary, for any vacancy in an established, existing or newly created position that, on or before March 1, is known to exist for the ensuing school year, upon recommendation of the superintendent, the board shall appoint the successful applicant from among all qualified applicants. All employees subject to release shall be considered applicants for the positions for which they are qualified and shall be considered before posting such vacancies for application by nonemployees;
(4) An employee subject to release shall be employed in any other professional position where the employee is certified and was previously employed or to any lateral area for which the employee is certified, licensed or both, if the employee's seniority is greater than the seniority of any other employee in that area of certification, licensure or both;

(5) If an employee subject to release holds certification, licensure or both in more than one lateral area and if the employee's seniority is greater than the seniority of any other employee in one or more of those areas of certification, licensure or both, the employee subject to release shall be employed in the professional position held by the employee with the least seniority in any of those areas of certification, licensure or both; and

(6) If, prior to August 1 of the year, a reduction in force is approved, the reason for any particular reduction in force no longer exists as determined by the county board in its sole and exclusive judgment, the board shall rescind the reduction in force or transfer and shall notify the released employee in writing of his or her right to be restored to his or her position of employment. Within five days of being so notified, the released employee shall notify the board, in writing, of his or her intent to resume his or her position of employment or the right to be restored shall terminate. Notwithstanding any other provision of this subdivision, if there is another employee on the preferred recall list with proper certification and higher seniority, that person shall be placed in the position restored as a result of the reduction in force being rescinded.

(n) For the purpose of this article, all positions which meet the definition of “classroom teacher” as defined in §18A-1-1 of this code shall be lateral positions. For all other professional positions, the county board of education shall adopt a policy by October 31, 1993, and may modify the policy thereafter as necessary, which defines which positions shall be lateral positions. In adopting the policy, the board may give consideration to the rank of each position in terms of title; nature of responsibilities; salary level; and certification, licensure or both; along with the days in the period of employment.
Enr. HB 206

(o) All professional personnel whose lesser qualifications, as determined by county board policy, with the county board is insufficient to allow their retention by the county board during a reduction in workforce shall be placed upon a preferred recall list. As to any professional position opening within the area where they had previously been employed or to any lateral area for which they have certification, licensure or both, the employee shall be recalled on the basis of qualifications if no regular, full-time professional personnel, or those returning from leaves of absence with greater qualifications apply for and accept the position.

(p) The board shall annually notify professional personnel on the preferred list of the job application procedures and any websites used to advertise vacancies. The notice shall be sent by certified mail via the U.S. Postal Service to the last known address of the employee, and it shall be the duty of each professional person to notify the board of continued availability annually of any change in address, or of any change in certification, licensure or both.

(q) Openings in established, existing or newly created positions shall be processed as follows:

(1) Boards shall be required to post and date notices of each opening at least once. At their discretion, boards may post an opening for a position other than classroom teacher more than once in order to attract more qualified applicants. At their discretion, boards may repost an opening for a classroom teacher after the first posting in order to attract more qualified applicants subject to the following:

(A) Each notice shall be posted in conspicuous working places for all professional personnel to observe for at least five working days which may include any website maintained by the county board;

(B) At least one notice shall be posted within 20 working days of the position openings and shall include the job description;

(C) Any special criteria or skills that are required by the position shall be specifically stated in the job description and directly related to the performance of the job;
Enr. HB 206

(D) Postings for vacancies made pursuant to this section shall be written so as to ensure that the largest possible pool of qualified applicants may apply; and

(E) Job postings may not require criteria which are not necessary for the successful performance of the job and may not be written with the intent to favor a specific applicant;

(2) No vacancy may be filled until after the five-day minimum posting period of the most recent posted notice of the vacancy;

(3) If one or more applicants under all the postings for a vacancy meets the qualifications listed in the job posting, the successful applicant to fill the vacancy shall be selected by the board within 30 working days of the end of the first posting period;

(4) A position held by a teacher who is certified, licensed or both, who has been issued a permit for full-time employment and is working toward certification in the permit area shall not be subject to posting if the certificate is awarded within five years; and

(5) Nothing provided herein may prevent the county board of education from eliminating a position due to lack of need.

(r) Notwithstanding any other provision of the code to the contrary, where the total number of classroom teaching positions in an elementary school does not increase from one school year to the next, but there exists in that school a need to realign the number of teachers in one or more grade levels, kindergarten through six, teachers at the school may be reassigned to grade levels for which they are certified without that position being posted: Provided, That the employee and the county board mutually agree to the reassignment.

(s) Reductions in classroom teaching positions in elementary schools shall be determined pursuant to the considerations set forth in county board policy and processed as follows:

(1) When the total number of classroom teaching positions in an elementary school needs to be reduced, the reduction shall be made on the basis of qualifications with the least qualified classroom teacher being recommended for transfer; and
(2) When a specified grade level needs to be reduced and the least qualified employee in the school is not in that grade level, the least qualified classroom teacher in the grade level that needs to be reduced shall be reassigned to the position made vacant by the transfer of the least qualified classroom teacher in the school without that position being posted: Provided, That the employee is certified, licensed or both and agrees to the reassignment.

(t) Any board failing to comply with the provisions of this article may be compelled to do so by mandamus and shall be liable to any party prevailing against the board for court costs and reasonable attorney fees as determined and established by the court. Further, employees denied promotion or employment in violation of this section shall be awarded the job, pay and any applicable benefits retroactive to the date of the violation and payable entirely from local funds. Further, the board shall be liable to any party prevailing against the board for any court reporter costs including copies of transcripts.

(u) Notwithstanding any other provision of this code to the contrary, upon recommendation of the principal and approval by the classroom teacher and county board, a classroom teacher assigned to the school may at any time be assigned to a new or existing classroom teacher position at the school without the position being posted.

(v) All personnel in a public charter school shall continue to accrue seniority in the same manner that they would accrue seniority if employed in a noncharter public school in the county for the purpose of employment in noncharter public schools.

§18A-4-8a. Service personnel minimum monthly salaries.

major fraction thereof in the employee’s employment term. Unused leave shall be accumulative
without limitation and is transferable within the state. A change in job assignment during the school
year does not affect the employee’s rights or benefits.

(2) A regular full-time employee who is absent from assigned duties due to accident,
sickness, death in the immediate family, or life threatening illness of the employee’s spouse,
parents or child, or other cause authorized or approved by the board, shall be paid the full salary
from his or her regular budgeted salary appropriation during the period which the employee is
absent, but not to exceed the total amount of leave to which the employee is entitled.

(3) Each employee is permitted to use three days of leave annually without regard to the
cause for the absence: Provided, That effective July 1, 2019, each employee is permitted to use
four days of leave annually without regard to the cause for the absence. Personal leave without
cause may not be used on consecutive work days unless authorized or approved by the
employee’s principal or immediate supervisor, as appropriate. The employee shall give notice of
leave without cause to the principal or immediate supervisor at least 24 hours in advance, except
that in the case of sudden and unexpected circumstances, notice shall be given as soon as
reasonably practicable. The principal or immediate supervisor may deny use of the day if, at the
time notice is given, either 15 percent of the employees or three employees, whichever is greater, under the supervision of the principal or immediate supervisor, have previously given notice of their intention to use that day for leave. Personal leave may not be used in connection with a concerted work stoppage or strike. Where the cause for leave originated prior to the beginning of the employment term, the employee shall be paid for time lost after the start of the employment term. If an employee uses personal leave which the employee has not yet accumulated on a monthly basis and subsequently leaves the employment, the employee is required to reimburse the board for the salary or wages paid for the unaccumulated leave.

(4) The State Board shall maintain a rule to restrict the payment of personal leave benefits and the charging of personal leave time used to an employee receiving a workers’ compensation benefit from a claim filed against and billed to the county board by which the person is employed. If an employee is awarded this benefit, the employee shall receive personal leave compensation only to the extent the compensation is required, when added to the workers’ compensation benefit, to equal the amount of compensation regularly paid the employee. If personal leave compensation equal to the employee’s regular pay is paid prior to the award of the workers’ compensation benefit, the amount which, when added to the benefit, is in excess of the employee’s regular pay shall be deducted from the employee’s subsequent pay. The employee’s accrued personal leave days shall be charged only for such days as equal the amount of personal leave compensation required to compensate the employee at the employee’s regular rate of pay.

(5) The county board may establish reasonable rules for reporting and verification of absences for cause. If any error in reporting absences occurs, the county board may make necessary salary adjustments:

(A) In the next pay after the employee has returned to duty; or

(B) In the final pay if the absence occurs during the last month of the employment term.

(b) Leave Banks.
(1) Each county board shall establish a personal leave bank that is available to all school personnel. The board may establish joint or separate banks for professional personnel and school service personnel. Each employee may contribute up to two days of personal leave per school year. An employee may not be coerced or compelled to contribute to a personal leave bank.

(2) The personal leave bank shall be established and operated pursuant to a rule adopted by the county board. The rule:

(A) May limit the maximum number of days used by an employee;

(B) Shall limit the use of leave bank days to an active employee with fewer than five days accumulated personal leave who is absent from work due to accident or illness of the employee; and

(C) Shall prohibit the use of days to:

(i) Qualify for or add to service for any retirement system administered by the state; or

(ii) Extend insurance coverage pursuant to §5-16-13 of this code.

(D) Shall require that each personal leave day contributed:

(i) Is deducted from the number of personal leave days to which the donor employee is entitled by this section;

(ii) Is not deducted from the personal leave days without cause to which a donor employee is entitled if sufficient general personal leave days are otherwise available to the donor employee;

(iii) Is credited to the receiving employee as one full personal leave day;

(iv) May not be credited for more or less than a full day by calculating the value of the leave according to the hourly wage of each employee; and

(v) May be used only for an absence due to the purpose for which the leave was transferred. Any transferred days remaining when the catastrophic medical emergency ends revert back to the leave bank.

(3) The administration, subject to county board approval, may use its discretion as to the need for a substitute where limited absence may prevail, when an allowable absence does not:
(i) Directly affect the instruction of the students; or

(ii) Require a substitute employee because of the nature of the work and the duration of
the cause for the absence.

(4) If funds in any fiscal year, including transfers, are insufficient to pay the full cost of
substitutes for meeting the provisions of this section, the remainder shall be paid on or before the
August 31 from the budget of the next fiscal year.

(5) A county board may supplement the leave provisions in any manner it considers
advisable in accordance with applicable rules of the state Board and the provisions of this chapter
and chapter 18 of this code.

(c) Effective July 1, 2019, a classroom teacher who has not utilized more than four days
of personal leave during the 200-day employment term shall receive a bonus of $500 at the end
of the school year. If the appropriations to the Department of Education for this purpose are
insufficient to compensate all applicable classroom teachers, the Department of Education shall
request a supplemental appropriation in an amount sufficient to compensate all eligible classroom
teachers. This bonus may not be counted as part of the final average salary for the purpose of
calculating retirement.

(h) Notwithstanding the provisions of subsection (d) of this section, and §18C-4A-3 of this code:

(1) Moneys in the Underwood-Smith Teaching Scholars Program Fund may be used to satisfy loan repayment assistance agreements pursuant to §18C-4A-1 et seq. of this code and any renewals for which a recipient would be eligible pursuant to the prior enactment of §18C-4A-1 et seq. of this code for any student who is receiving such loan repayment assistance or fulfilling the requirements of an agreement on the effective date of this section;

(2) Moneys in the Underwood-Smith Teaching Scholars Program Fund may be used to fund Underwood-Smith teacher scholarships, and any renewals for which a recipient would be eligible pursuant to the prior enactment of this article, for those students receiving such scholarship on the effective date of this section; and

Selection procedures and criteria also may include, but are not limited to, the grade point average of the applicant, involvement in extracurricular activities, financial need, current academic standing and an expression of interest in teaching as demonstrated by an essay written by the applicant. These criteria and procedures further may require the applicant to furnish letters of recommendation from teachers and others.
