Committee Substitute for

Senate Bill 614

SENATORS RUCKER, CLINE, ROBERTS, AND MAYNARD, original sponsors

[Passed March 6, 2020; in effect from passage]
AN ACT to amend and reenact §18-5-48 of the Code of West Virginia, 1931, as amended; and to amend and reenact §18-20-11 of said code, all relating to giving county boards of education, during a specified time period, flexibility to spend the safe schools allocation at any school within the district requiring cameras in special education classrooms; requiring the West Virginia Department of Education, during a specified time period, to first allocate the funding appropriated for the Safe Schools Fund based on the remaining need for video cameras in each district; removing appropriation of funds by the Legislature as a prerequisite to the requirement for video cameras in self-contained classrooms; and clarifying that any available funds may be used to comply with the camera requirements.

Be it enacted by the Legislature of West Virginia:

ARTICLE 5. COUNTY BOARD OF EDUCATION.

§18-5-48. Safety and security measures for school facilities; Safe Schools Fund created.

(a) Each county board of education and multicounty vocational center shall annually assess the safety and security of each of the school facilities within its boundaries. Safety and security measures of each facility shall be upgraded when necessary to ensure, to the best of the county board’s ability, the safety of the students within each facility. Each county board of education shall report annually the safety and security measures it has put in place, including upgrades thereto, to the State Department of Education. Annually, the State Department of Education shall compile the information from the county boards of education and report the information to the Legislative Oversight Commission on Education Accountability.

(b) As used in this section, “safety and security measures” means action taken by a county board of education or multicounty vocational center that improves the security of a school facility and the safety of the students within such facility, including, but not limited to, hiring a school resource officer, installing weapon detection systems, upgrading facility doors or windows.

(c) There is hereby created in the State Treasury a special revenue fund to be known as the Safe Schools Fund. The fund shall consist of all moneys received from legislative
appropriations and other sources to further the purpose of this section: Provided, That annually, 
the West Virginia Department of Education shall request an appropriation based on the requests 
of the county boards of education. Subject to legislative appropriation, the funds appropriated 
annually to the School Safety Fund shall be distributed to the county boards of education and 
multicounty vocational centers, with the funding amount per school determined by dividing the 
total annual appropriation by the total number of public schools throughout the state. All moneys 
distributed from this fund shall be used to support the purpose and intent of this section and all 
moneys must be spent to support the school for which the funding was derived: Provided, 
however, That moneys distributed from this fund also may be used for the purposes of §18-20-11 
of this code, relating to video cameras in certain special education classrooms: Provided further, 
That for any distributions for the 2019-2020 year and continuing until such time that all districts 
have fully complied with the special education video camera requirements, county boards shall 
have the flexibility to spend the safe schools allocation at any school within the district requiring 
cameras in special education classrooms. The West Virginia Department of Education shall first 
allocate the funding appropriated for the Safe Schools Fund for the 2020-2021 year based on the 
remaining need for video cameras in each district. After all districts have been provided sufficient 
funds to meet the special education video camera requirements, the funding distribution shall 
return to the previously specified method based on the number of public schools. Any moneys 
remaining in the fund at the close of the fiscal year shall be carried forward for use in the next 
fiscal year. Fund balances shall be invested with the state’s Consolidated Investment Fund and 
any and all interest shall be used solely for the purposes that moneys deposited in the fund may 
be used pursuant to this article.

(3) A video camera placed in a self-contained classroom is not required to be in operation
during the time in which students are not present in the self-contained classroom.
