West Virginia Legislature

2020 Regular Session

Enrolled

House Bill 4354

By Delegates Worrell, Summers and Wilson

[Passed March 7, 2020; in effect ninety days from passage.]
WEST VIRGINIA LEGISLATURE

2020 REGULAR SESSION

ENROLLED

House Bill 4354

BY DELEGATES WORRELL, SUMMERS AND WILSON

[Passed March 7, 2020; in effect ninety days from passage.]
AN ACT to amend and reenact §60A-2-201 of the Code of West Virginia, 1931, as amended, relating to drugs; providing for the sale, wholesale, distribution, or prescribing of nabiximols in a product approved by the Food and Drug Administration; and providing that nabiximols shall be placed on the schedules of controlled substances or descheduled as provided by the Drug Enforcement Administration.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. STANDARDS AND SCHEDULES.

§60A-2-201. Authority of Board of Pharmacy; recommendations to Legislature.

(a) The Board of Pharmacy shall administer the provisions of this chapter. It shall also, on the first day of each regular legislative session, recommend to the Legislature which substances should be added to or deleted from the schedules of controlled substances contained in this article or reschedule therein. The Board of Pharmacy shall also have the authority between regular legislative sessions, on an emergency basis, to add to or delete from the schedules of controlled substances contained in this article or reschedule such substances based upon the recommendations and approval of the federal food, drug and cosmetic agency, and shall report such actions on the first day of the regular legislative session immediately following said actions. In making any such recommendation regarding a substance, the Board of Pharmacy shall consider the following factors:

(1) The actual or relative potential for abuse;
(2) The scientific evidence of its pharmacological effect, if known;
(3) The state of current scientific knowledge regarding the substance;
(4) The history and current pattern of abuse;
(5) The scope, duration and significance of abuse;
(6) The potential of the substance to produce psychic or physiological dependence liability; and
18 (7) Whether the substance is an immediate precursor of a substance already controlled
19 under this article.
20 (b) After considering the factors enumerated in subsection (a), the Board of Pharmacy
21 shall make findings with respect to the substance under consideration. If it finds that any
22 substance not already controlled under any schedule has a potential for abuse, it shall
23 recommend to the Legislature that the substance be added to the appropriate schedule. If it finds
24 that any substance already controlled under any schedule should be rescheduled or deleted, it
25 shall so recommend to the Legislature.
26 (c) If the Board of Pharmacy designates a substance as an immediate precursor,
27 substances which are precursors of the controlled precursor shall not be subject to control solely
28 because they are precursors of the controlled precursor.
29 (d) If any substance is designated, rescheduled or deleted as a controlled substance under
30 federal laws and notice thereof is given to the Board of Pharmacy, the board shall recommend
31 similar control of such substance to the Legislature, specifically stating that such recommendation
32 is based on federal action and the reasons why the federal government deemed such action
33 necessary and proper.
34 (e) The authority vested in the board by subsection (a) of this section shall not extend to
35 distilled spirits, wine, malt beverages or tobacco as those terms are defined or used in other
36 chapters of this code nor to any nonnarcotic substance if such substance may under the “Federal
37 Food, Drug and Cosmetic Act” and the law of this state lawfully be sold over the counter without
38 a prescription.
39 (f) Notwithstanding any provision of this chapter to the contrary, the sale, wholesale,
40 distribution or prescribing of a cannabidiol or nabiximols in a product approved by the Food and
41 Drug Administration is permitted and shall be placed on the schedule or descheduled as provided
42 for by the Drug Enforcement Administration.
The Joint Committee on Enrolled Bills hereby certifies that the foregoing bill is correctly enrolled.
