(30) “This code” means the Code of West Virginia, 1931, as amended.

(31) “This state” means the State of West Virginia.

(32) “United States Internal Revenue Code” or “Internal Revenue Code” means the Internal Revenue Code as defined in §11-24-3 of this code.

(a) Rebate allowable. — Eligible taxpayers shall be allowed a rebate for a portion of state severance taxes imposed by §11-13A-3 of this code on the privilege of severing, extracting, reducing to possession and producing coal for sale, profit or commercial use that is attributable to the increase in the production of coal that is attributable to and the consequence of the taxpayer’s capital investment in new machinery and equipment used at the coal mine, or coal preparation and processing facility. The amount of this rebate shall be determined and applied as hereinafter provided in this article.

(b) Amount of rebate. — The amount of rebate allowable is determined by multiplying the amount of the taxpayer’s capital investment in new machinery and equipment directly used in the production of coal at a coal mining operation in this state by 35 percent. The product of this
computation establishes the maximum amount of rebate allowable under this article for the capital investment in new machinery and equipment.

(c) Application of rebate amount. — The amount of rebate allowable is determined by applying the rebate amount determined in subsection (b) of this section against 80 percent of the state portion of the severance tax paid on the privilege of severing, extracting, reducing to possession and producing coal for sale, profit or commercial use that is directly attributable to the increased production of coal at the mine due to taxpayer's capital investment in new machinery and equipment at the mine or coal processing and preparation plant.

(d) The amount of severance tax attributable to the increase in coal production at a mine due to the capital investment in new machinery and equipment shall be determined by comparing (1) the state portion of the severance tax due under §11-13A-3 of this code on coal produced from the mine during calendar year 2018, before allowance of any tax credits, except as provided in subsection (e) of this section (d), (2) with the state severance tax due on coal produced at the mine during the then current calendar year in which the capital investment in new mining machinery and equipment is placed in service or use, before allowance for any tax credits. When the amount in subdivision (2) of this section is greater than the amount in subdivision (1) of this section, the difference is the amount of state severance tax due to the increase in coal production at the mine that is attributable to the capital investment in new machinery and equipment:

Provided, That when the producer of the coal operates more than one mine in this state, or is a member of a controlled or affiliated group that operates one or more coal mines in this state, no credit shall be allowed unless the total coal production from all mines operated by the taxpayer or by members of the affiliated or controlled group in this state has increased by at least the increase in production at the mine at which the capital investment in new machinery and equipment was made: Provided, however, That in no case shall the severance tax attributable to any mine other than the specific mine at which capital investment in new machinery and equipment is directly used in a coal mining operation has been placed in service or use be offset by this rebate.
(e) When the eligible taxpayer is a new business that has produced coal in this state for 2 years before making the capital investment in new machinery and equipment, then, for purposes of item (1) in subsection (d), the base shall be the amount of state severance tax due under §11-13A-3 of this code on coal produced in this state during the second year of this two-year period.

(f) When the operator of the coal mine at which capital investment in new machinery and equipment was made operates one or more other coal mines in this state, the operator may not cease production of coal, or reduce the production of coal, at one or more of those mines during the tax years for which rebate is allowed under this article. The Tax Commissioner shall promulgate a legislative rule providing exceptions to this subsection.

(g) When the operator of the coal mine at which capital investment in new machinery and equipment was made is a member of a controlled or affiliated group that operates one or more other coal mines in this state, then the controlled or affiliated group, as the case may be, may not cease production of coal, or reduce the production of coal, at one or more of those mines during the tax years for which rebate is allowed under this article. The Tax Commissioner shall promulgate a legislative rule providing exceptions to this subsection.

(h) No rebate shall be allowed under this article when credit is claimed under any other article of this chapter for capital investment in the new machinery and equipment. No credit shall be allowed under any other article of this chapter when rebate is allowed under this article for the capital investment in new machinery and equipment.

§11-13EE-4. Information required to determine amount of rebate allowable.

(a) A taxpayer claiming rebate under this article who operates more than one coal mine in this state shall provide a schedule with the annual severance tax return filed under §11-13A-1 et seq. of this code that shows, for each coal mine, the number of tons of coal produced and the gross value of the coal produced at each mine during the taxable year.

(b) When a taxpayer claiming rebate under this article is a member of an affiliated or controlled group, as the case may be, that operates more than one coal mine in this state the
7 group shall provide a schedule with its annual severance tax return filed under §11-13A-1 et seq.
8 of this code for the taxable year that shows for each coal mine operated in this state by the
9 affiliated or controlled group, as the case may be, the number of tons of coal produced at each
10 mine and the gross value of the coal produced at each mine during the taxable year.

1 (a) After the severance taxes due for the taxable year are paid, a taxpayer may file a
2 claim under this article for rebate of up to 80 percent of the state portion of the additional
3 severance taxes paid under §11-13A-3 of this code that are directly attributable to taxpayer’s
4 capital investment in new machinery and equipment placed in service or use during that taxable
5 year as set forth in §11-13EE-4.
6 (b) When the amount of rebate claimed exceeds 80 percent of the additional state
7 severance tax paid as provided in subsection (a) of this section, the unused portion of the rebate
8 amount may be carried forward and refunded by the Tax Commissioner after severance taxes
9 due in subsequent years are paid: Provided, That the carryforward period may not exceed 10
10 years from the date the capital investment in new machinery and equipment is placed in service
11 or use in this state.

§11-13EE-6. Suspension of payment of rebate.
1 (a) No rebate may be paid under this article when the taxpayer, or any member of the
2 taxpayer’s combined or affiliated group, as the case may be, is delinquent in the payment of
3 severance taxes imposed pursuant to §11-13A-3 of this code, and any local, state or federal tax
4 or fee, until such time as the delinquency is cured.
5 (b) For purposes of this section, a taxpayer is not delinquent if the taxpayer is contesting
6 an assessment in the Office of Tax Appeals or in any court of this state, or of the appropriate
7 federal agency or court, or is complying with the terms of any payment plan agreement with the
8 Tax Commissioner.
(c) In the case of a taxpayer that files a combined tax return as a member of a unitary group, no rebate under this article that is earned by one member of the combined group, but not fully used by or allowed to that member, may be claimed, in whole or in part, by another member of the group.

§11-13EE-7. Burden of proof; application required; failure to make timely application.

(a) Burden of proof. — The burden of proof is on the taxpayer to establish by clear and convincing evidence that the taxpayer is entitled to the benefits allowed by this article.

(b) Application for rebate required.

(1) Notwithstanding any provision of this article to the contrary, no rebate shall be paid under this article for any capital investment in new machinery and equipment placed in service or use until the person asserting a claim for the allowance of rebate under this article makes written application to the Tax Commissioner for allowance of rebate as provided in this section.

(2) An application for rebate shall be filed, in the form prescribed by the Tax Commissioner, no later than the last day for filing the severance tax return, determined by including any authorized extension of time for filing the return, for the taxable year in which the machinery and equipment to which the rebate relates is placed in service or use and all information required by the form is provided.

(3) A separate application for rebate is required for each taxable year during which the taxpayer places new machinery and equipment in service or use in a mine or coal preparation and processing facility in this state.

(c) Failure to make timely application. — The failure to timely apply for the rebate results in the forfeiture of 25 percent of the rebate amount otherwise allowable under this article. This penalty applies annually until the application is filed.

§11-13EE-8. Identification of capital investment property.

Every taxpayer who claims credit under this article shall maintain sufficient records to establish the following facts for each item of qualified investment property:
Enr. CS for HB 4439

(1) Its identity;

(2) Its actual or reasonably determined cost;

(3) Its useful life for federal income tax purposes;

(4) The month and taxable year in which it was placed in service;

(5) The amount of credit taken; and

(6) The date it was disposed of or otherwise ceased to be qualified investment property.

§11-13EE-9. Failure to keep records of investment credit property.

A taxpayer who does not keep the records required for identification of investment credit property is subject to the following rules:

(1) A taxpayer is treated as having disposed of, during the taxable year, any machinery and equipment that the taxpayer cannot establish was still on hand, in this state, at the end of that year.

(2) If a taxpayer cannot establish when capital investment in new machinery and equipment property was reported for purposes of claiming this credit during the taxable year the machinery or equipment was placed in service or use, the taxpayer is treated as having placed it in service or use in the most recent prior taxable year in which similar machinery and equipment was placed in service or use, unless the taxpayer can establish that the machinery and equipment placed in service or use in the most recent taxable year is still on hand. In that event, the taxpayer will be treated as having placed the returned machinery and equipment in service or use in the next most recent taxable year.

§11-13EE-10. Transfer of qualified investment property to successors.

(a) Mere change in form of business. — Machinery and equipment may not be treated as disposed of under §11-13EE-9 of this article, by reason of a mere change in the form of conducting the business as long as the machinery and equipment is retained in the successor business in this state, and the transferor business retains a controlling interest in the successor business. In this event, the successor business is allowed to claim the rebate amount of credit still available
with respect to the machinery and equipment transferred, and the transferor business may not be 
required to redetermine the amount of rebate allowed in earlier years.

(b) Transfer or sale to successor. — Machinery and equipment is not treated as disposed 
of under §11-13EE-11 of this article by reason of any transfer or sale to a successor business 
which continues to operate machinery and equipment at the mine in this state at which the 
machinery and equipment was first placed in service or use. Upon transfer or sale, the successor 
shall acquire the amount of rebate, if any, that remains available under this article, and the 
transferor business is not required to redetermine the amount of rebate allowed in earlier years.

§11-13EE-11. Recapture of rebate; recapture tax imposed.

(a) When recapture tax applies. —

(1) Any person who places machinery and equipment in service or use for purposes of 
this credit and who fails to use the machinery and equipment for at least 5 years in the production 
of coal in this state shall pay the recapture tax imposed by subsection (b) of this section.

(2) This section does not apply when §11-13EE-10 of this article applies. However, the 
successor, or the successors, and the person, or persons, who previously claimed credit under 
this article with respect to the machinery and equipment, are jointly and severally liable for 
payment of any recapture tax subsequently imposed under this section with respect to the 
machinery and equipment used to qualify for rebate under this article.

(b) Recapture tax imposed. — The recapture tax imposed by this subsection is the amount 
determined as follows. If the taxpayer prematurely removes machinery and equipment placed in 
service (when considered as a class) from economic service in the taxpayer's coal production 
activity in this state, the taxpayer shall recapture the amount of rebate claimed under this article 
for the taxable year, and all preceding taxable years, attributable to the machinery and equipment 
which has been prematurely removed from service. The amount of tax due under this subsection 
is an amount equal to the amount of rebate that is recaptured under this subsection.
(c) **Payment of recapture tax.** — The amount of tax recaptured under this section is due and payable on the day the person’s annual return is due for the taxable year, in which this section applies, under §11-13A-1 *et seq.* of this code. When the employer is a partnership, limited liability company or S corporation for federal income tax purposes, the recapture tax shall be paid by those persons who are partners in the partnership, members in the company, or shareholders in the S corporation, in the taxable year in which recapture tax is imposed under this section.

§11-13EE-12. Interpretation and construction.

(a) No inference, implication or presumption of legislative construction or intent may be drawn or made by reason of the location or grouping of any particular section, provision or portion of this article; and no legal effect may be given to any descriptive matter or heading relating to any section, subsection or paragraph of this article.

(b) The provisions of this article shall be reasonably construed in order to effectuate the legislative intent recited in §11-13EE-1 of this article.
