Senate Bill 3034

BY SENATORS SWOPE, SYPOLT, AND TARR

[Passed October 20, 2021; in effect from passage]

1 AN ACT to amend and reenact §1-2-1 and §1-2-2b of the Code of West Virginia, 1931, as
2 amended, all relating to dividing and altering the state into senatorial districts; defining
3 terms; setting forth legislative findings; providing for senatorial districts; clarifying
4 constitutional residency dispersal provision; providing requirements for nomination,
5 election, and appointment of senators; providing requirements for filing certificate of
6 candidacy for election from a multi-county senatorial district; providing for effect of
7 redistricting on senators elected in 2018 and 2020 general elections and on senators
8 appointed to fill vacancies; authorizing rulemaking; providing for precinct and magisterial
9 district boundary changes and notice therefor; and making technical changes.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. APPORTIONMENT OF REPRESENTATION.

§1-2-1. Senatorial districts.

1 (a) This section shall be known and may be cited as the Senate Redistricting Act of 2021.

2 (b) As used in this section:

3 (1) "County" means the territory comprising a county of this state as such county existed
4 on January 1, 2020, notwithstanding any boundary changes thereof made subsequent thereto;

5 (2) "Tract", "block group", and "block" mean those geographic areas as those terms are
6 respectively defined by the Bureau of the Census of the United States Department of Commerce
7 for the taking of the 2020 census of population and described on census maps and data prepared
8 by the Bureau of the Census. Such maps and data are, at the time of this enactment, maintained
9 by the Bureau of the Census and have been provided to the West Virginia Legislature;

10 (3) "Incumbent senator" means:

11 (A) For purposes of the general election to be held in the year 2022,

12 (i) A senator elected at the general election held in the year 2020; or

13 (ii) A senator appointed to complete the term of office of a senator who was elected at the
14 general election held in 2020.

15 (B) For purposes of the general election to be held in the year 2024 or any general election
16 thereafter,

17 (i) A senator elected at the immediately preceding general election; or

18 (ii) A senator appointed to complete the term of office of a senator who was elected at the
19 immediately preceding general election.

20 (c) The Legislature recognizes that in dividing the state into senatorial districts, the
21 Legislature is bound not only by the United States Constitution but also by the West Virginia
22 Constitution; that in any instance where the West Virginia Constitution conflicts with the United
23 States Constitution, the United States Constitution must govern and control, as provided by article
24 VI of the United States Constitution and as recognized in section one, article I of the West Virginia
25 Constitution; that the United States Constitution, as interpreted by the United States Supreme
26 Court and other federal courts, requires state legislatures to be apportioned so as to achieve
27 equality of population as nearly as is practicable, population disparities being permissible where
28 justified by rational state policies, and population disparities being presumptively constitutional
29 where the maximum population deviation between the largest and the smallest district is less than
30 10%, as recognized by the United States Supreme Court in *Brown v. Thompson*, 462 U.S. 835
31 (1983) and *Evenwel v. Abbott*, 136 S.Ct. 1120 (2016); and that the West Virginia Constitution
32 requires two senators to be elected from each senatorial district for terms of four years each, one
33 such senator being elected every two years, with one half of the senators being elected biennially,
34 and requires senatorial districts to be compact, formed of contiguous territory and bounded by
35 county lines. The Legislature finds and declares that it is not possible to divide the state into
36 senatorial districts so as to achieve equality of population as near as is practicable as required by
37 the United States Supreme Court and other federal courts and at the same time adhere to all of
38 these provisions of the West Virginia Constitution; but that, in an effort to adhere as closely as
39 possible to all of these provisions of the West Virginia Constitution, the Legislature, in dividing the
40 state into senatorial districts, as described and constituted in subsection (d) of this section, has:

41 (1) Adhered to the equality of population requirement as delineated in the cases
42 referenced in subsection (c) of this section, while at the same time recognizing that from the
43 formation of this state in the year 1863, each Constitution of West Virginia and the statutes
44 enacted by the Legislature have recognized county lines and many functions, policies, and
45 programs of government have been implemented along county lines;

46 (2) Made the senatorial districts compact, consistent with the equality of population
47 requirement, and with the requirement of section four, article VI of the West Virginia Constitution
48 that senatorial districts be bounded by county lines;

49 (3) Formed the senatorial districts, without exception, of "contiguous territory" as that term
50 has been construed and applied by the West Virginia Supreme Court of Appeals;

51 (4) Deviated from the requirement of section four, article VI of the West Virginia
52 Constitution that senatorial districts be bounded by county lines by crossing county lines only
53 when necessary to ensure that all senatorial districts were formed of contiguous territory or when
54 adherence to county lines produced unacceptable population inequalities and only to the extent
55 necessary in order to maintain contiguity of territory and to achieve acceptable equality of
56 population;

57 (5) Also taken into account in crossing county lines, to the extent feasible, the preservation
58 of the cores of districts described and constituted by chapter six, Acts of the Legislature, First
59 Extraordinary Session 2011; and

60 (6) Also taken into account in crossing county lines, to the extent feasible, the community
61 of interests of the people involved.

62 (d) The Senate shall be composed of thirty-four senators, one senator to be elected at the
63 general election to be held in the year 2022, and biennially thereafter for a four-year term from
64 each of the senatorial districts hereinafter in this subsection described and constituted as follows:

3757	(e) The West Virginia Constitution further provides, in section four, article VI thereof, that	
3758	where a senatorial district is composed of more than one county, both senators for such district	
3759	shall not be chosen from the same county, a residency dispersal provision which is clear with	

3760 respect to senatorial districts which follow county lines, as required by such Constitution, but
3761 which is not clear in application with respect to senatorial districts which cross county lines.
3762 However, in an effort to adhere as closely as possible to the West Virginia Constitution in this
3763 regard, the following additional provisions, in furtherance of the rationale of such residency
3764 dispersal provision and to give meaning and effect thereto, are hereby established:

3765 (1) With respect to a senatorial district which is composed of one or more whole counties
3766 and one or more parts of another county or counties, no more than one senator shall be chosen
3767 from the same county or from the same part or parts of a county to represent such senatorial
3768 district; and

3769 (2) With respect to a senatorial district which does not contain any whole county but only
3770 parts of two or more counties, no more than one senator shall be chosen from the same part or
3771 parts of a county to represent such senatorial district.

3772 (f) Candidates for the Senate shall be nominated as provided in §3-5-4 of this code, except
3773 that such candidates shall be nominated in accordance with the residency dispersal provisions
3774 specified in section four, article VI of the West Virginia Constitution and the additional residency
3775 dispersal provisions specified in subsection (e) of this section. Candidates for the Senate shall
3776 also be elected in accordance with the residency dispersal provisions specified in said section
3777 and the additional residency dispersal provisions specified in subsection (e) of this section. In
3778 furtherance of the foregoing provisions of this subsection, no person may file a certificate of
3779 candidacy for election from a multi-county senatorial district described and constituted in
3780 subsection (d) of this section if he or she resides in the same county as an incumbent senator
3781 whose residence is located within that district, whether or not the numerical designation of that
3782 district is the same as the numerical designation of the district described and constituted by
3783 chapter six, Acts of the Legislature, First Extraordinary Session 2011 wherein the incumbent
3784 senator resides. Any vacancy in a nomination shall be filled, any appointment to fill a vacancy in
3785 the Senate shall be made, and any candidates in an election to fill a vacancy in the Senate shall

3786 be chosen so as to be consistent with the residency dispersal provisions specified in section four,
3787 article VI of the West Virginia Constitution and the additional residency dispersal provisions
3788 specified in subsection (e) of this section.

3789 (g) Regardless of the changes in senatorial district boundaries made by the provisions of
3790 subsection (d) of this section, each senator elected at the general election held in the year 2018
3791 and at the general election held in the year 2020 shall continue to hold his or her seat as a member
3792 of the Senate for the term, and as a representative of the senatorial district, for which he or she
3793 was elected. Any appointment made or election held to fill a vacancy in the Senate shall be for
3794 the remainder of the term and as a representative of the senatorial district, for which the vacating
3795 senator was elected or appointed, and any such election shall be held in the district as the same
3796 was described and constituted at the time the vacating senator was elected or appointed.

3797 (h) The Secretary of State may promulgate rules and regulations to implement the
3798 provisions of this section, including emergency rules and regulations promulgated pursuant to the
3799 provisions of §29A-3-5 of this code.

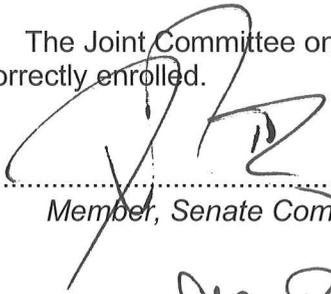

§1-2-2b. Precinct and magisterial district boundary changes; notice.

1 (a) If an election precinct of this state includes territory contained in more than one
2 senatorial or delegate district, as such senatorial districts are established by §1-2-1 of this Code
3 and as such delegate districts are established by §1-2-2 of this Code, or if following the legislative
4 redistricting accomplished in §1-2-1 or §1-2-2 of this Code an election precinct change, division,
5 or consolidation is necessary pursuant to §3-1-7 of this Code, the county commission of the
6 county in which the precinct is located shall, prior to January 22, 2022, alter the boundary lines
7 of its election precincts so that no precinct contains territory included in more than one senatorial
8 or delegate district. Notice of the proposed precinct changes shall be published via Class II-0 legal
9 advertisement.

10 (b) If a magisterial district boundary change is required pursuant to §7-2-2 of this Code
11 following the legislative redistricting accomplished §1-2-1 or §1-2-2 of this Code, notice of the

12 proposed magisterial district boundary changes shall be published in the manner prescribed in
13 §7-2-2 of this Code for a period of no less than 14 consecutive days prior to the term of court at
14 which such action is proposed to be taken: *Provided*, That this subsection shall only apply to
15 magisterial district boundary changes prior to January 22, 2022.
