§5A-3-10. Competitive bids; publication of solicitations for sealed bids; purchase of products of nonprofit workshops; employee to assist in dealings with nonprofit workshops; continuing procurements over $1 million.

(a) A purchase of and contract for commodities, printing, and services shall be based on competitive bids, except when another method of procurement is determined to be in the best interest of the State.
(b) The director shall solicit, on behalf of spending units, sealed bids for the purchase of commodities and printing which is estimated to exceed $25,000. The director may delegate the procurement of commodities, services, or printing estimated to be $25,000 or less to the spending unit. The director may set a higher or lower delegated procurement limit for a particular spending unit if the director determines that such action would be in the best interest of the spending unit and the State. In no event may the director authorize more than $100,000 of delegated procurement authority to a spending unit.

(c) Spending units shall not make an individual purchase in excess of the delegated procurement limit established in subsection (b) of this section, issue a series of requisitions for the same or similar commodity or service or divide or plan procurements with the intention to circumvent the delegated procurement limit established in subsection (b), or otherwise avoid the use of sealed bids. Any spending unit that discovers it has awarded multiple contracts for the same or similar commodity or service to an individual vendor over any 12-month period shall file copies of all contracts awarded or orders placed for the commodity, service, or printing in question within the 12 preceding months with the director upon exceeding the delegated limit, along with a statement explaining how either the multiple contract awards or orders do not circumvent the delegated procurement limit, or how the contracts or orders were not intended to circumvent the delegated limit. If the spending unit does not report to the director within a reasonable period, the director shall contact the spending unit to request such statement and may suspend the purchasing authority of the spending unit until the spending unit complies with the reporting requirement of this subsection, as determined appropriate. The director may conduct a review of any spending unit to ensure compliance with this subsection. Following a review, in consultation with the relevant spending unit, the director shall complete a report summarizing his or her findings and forward the report to the spending unit. In addition, the director shall report to the Joint
Committee on Government and Finance on January 1 and July 1 of each year the spending units which have reported under this subsection and the findings of the director.

(d) The director may permit bids by electronic transmission to be accepted in lieu of sealed bids.

(e) Bids shall be solicited by public notice. The notice may be published by any advertising medium the director considers advisable. The director may also solicit sealed bids by sending requests by mail or electronic transmission to prospective vendors.

(f) (1) The director may, without competitive bidding, purchase commodities and services produced and offered for sale by nonprofit workshops, as defined in §5A-1-1 of this code, which are located in this state: Provided, That the commodities and services shall be of a fair market price and of like quality comparable to other commodities and services otherwise available as determined by the director.

(2) To encourage contracts for commodities and services with nonprofit workshops, the director shall employ a person whose responsibilities in addition to other duties are to identify all commodities and services available for purchase from nonprofit workshops, to evaluate the need of the state for commodities and services to coordinate the various nonprofit workshops in their production efforts, and to make available to the workshops information about available opportunities within state government for purchase of commodities or services which might be produced and sold by such workshops. Funds to employ such a person shall be included annually in the budget.

(g) For all commodities and services in an amount exceeding $1 million, if the procurement of the commodity or service is continuing in nature, 12 months prior to the expiration of the contract or final renewal option, whichever is later, the spending unit shall coordinate with the Purchasing Division on a new procurement for such commodity or service under the requirements
of this article. This procurement shall be awarded or terminated no later than 180 days after the procurement specifications have been finally approved by the Purchasing Division.

§5A-3-10a. Prohibition for awarding contracts to vendors which owe a debt to the State or its political subdivisions.

(a) Unless the context clearly requires a different meaning, for the purposes of this section, the terms:

(1) "Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, amounts owed to the Workers' Compensation Funds as defined in §23-2C-1 et seq. of this code, penalty or other assessment or surcharge presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

(2) "Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions, and includes any person or entity that is in employer default.

(3) "Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in §23-2C-2 of this code, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

(4) "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or
any public body charged by law with the performance of a government function and whose
jurisdiction is coextensive with one or more counties or municipalities.

(5) "Related party" means a party, whether an individual, corporation, partnership,
association, limited liability company or any other form or business association or other entity
whatsoever, related to any vendor by blood, marriage, ownership or contract through which the
party has a relationship of ownership or other interest with the vendor so that the party will actually
or by effect receive or control a portion of the benefit, profit or other consideration from
performance of a vendor contract with the party receiving an amount that meets or exceeds five
percent of the total contract amount.

(b) No contract or renewal of any contract may be awarded by the state or any of its
political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor
or a related party to the vendor or prospective vendor is a debtor and:

(1) The debt owed is an amount greater than $1,000 in the aggregate; or

(2) The debtor is in employer default.

(c) The prohibition of this section does not apply where a vendor has contested any tax
administered pursuant to chapter 11 of this code, amount owed to the Workers' Compensation
Funds as defined in §23-2C-1 et seq. of this code, permit fee or environmental fee or assessment
and the matter has not become final or where the vendor has entered into a payment plan or
agreement and the vendor is not in default of any of the provisions of such plan or agreement.

(d) By submitting a bid or contract proposal or entering into a contract with the state or any
of its political subdivisions, the vendor or prospective vendor is deemed to be affirming that the
vendor or prospective vendor or a related party to the vendor or prospective vendor is not in
employer default and does not owe any debt in an amount in excess of $1,000 or, if a debt is
owed, that the provisions of subsection (c) of this section apply. This affirmation, combined with
Enr CS for HB 4499

verification of State tax compliance, will satisfy the public contracting entities verification
requirements contained in §5-22-1(j) of this code.

§5A-3-11. Purchasing in open market on competitive bids; debarment; bids to be based on
written specifications; period for alteration or withdrawal of bids; awards to lowest
responsible bidder; uniform bids; record of bids; requirements of vendors to pay
taxes, fees and debts; exception; grant exemption.

(a) The director may make a purchase of commodities, printing and services of $25,000
or less in amount in the open market, but the purchase shall, wherever possible, be based on at
least three competitive bids, and shall include the cost of maintenance and expected life of the
commodities if the director determines there are nationally accepted industry standards for the
commodities being purchased.

(b) The director may authorize spending units to purchase commodities, printing and
services in the amount of $2,500 or less in the open market without competitive bids: Provided,
That the cost of maintenance and expected life of the commodities must be taken into
consideration if the director determines there are nationally accepted industry standards for the
commodities being purchased: Provided, however, That the director may authorize spending units
to purchase commodities, printing, and services in an amount greater than $2,500 in the open
market without competitive bids, subject to the limitations set forth in §5A-3-10(b) of this Code.

(c) Bids shall be based on the written specifications in the advertised bid request and may
not be altered or withdrawn after the appointed hour for the opening of the bids.

(d) A vendor who has been debarred pursuant to the provisions of §5A-3-33b through
§5A-3-33f of this code may not bid on or be awarded a contract under this section.

(e) All open market orders, purchases based on advertised bid requests or contracts made
by the director or by a state department shall be awarded to the lowest responsible bidder or
bidders, taking into consideration the qualities of the commodities or services to be supplied, their
conformity with specifications, their suitability to the requirements of the government, the delivery
terms and, if the director determines there are nationally accepted industry standards, cost of
maintenance and the expected life of the commodities: Provided, That state bids on school buses
shall be accepted from all bidders who shall then be awarded contracts if they meet the state
board's Minimum Standards for Design and Equipment of School Buses. County boards of
education may select from those bidders who have been awarded contracts and shall pay the
difference between the state aid formula amount and the actual cost of bus replacement. Any or
all bids may be rejected.

(f) If all bids received on a pending contract are for the same unit price or total amount,
the director has the authority to reject all bids, and to purchase the required commodities, printing
and services in the open market, if the price paid in the open market does not exceed the bid
prices.

(g) The bid must be received by the Purchasing Division prior to the specified date and
time of the bid opening. The failure to deliver or the nonreceipt of the bid by the Purchasing
Division prior to the appointed date and hour shall result in the rejection of the bid. The vendor is
solely responsible for the receipt of bid by the Purchasing Division prior to the appointed date and
hour of the bid opening. All bids will be opened publicly by two or more persons from the
Purchasing Division. Vendors will be given notice of the day, time and place of the public bid
opening. Bids may be viewed immediately after being opened.

(h) After the award of the order or contract, the director, or someone appointed by him or
her for that purpose, shall indicate upon the successful bid that it was the successful bid.
Thereafter, the copy of each bid in the possession of the director shall be maintained as a public
record, shall be open to public inspection in the office of the director and may not be destroyed
without the written consent of the Legislative Auditor.

(i)(1) A grant awarded by the state is exempt from the competitive bidding requirements
set forth in this chapter, unless the grant is used to procure commodities or services that directly
benefit a spending unit.
(2) If a grant awarded to the state requires the procurement of commodities or services that will directly benefit a spending unit, the procurement is not exempt from the competitive bidding requirements set forth in this chapter.

(3) If a grant awarded to the state requires the state to transfer some or all of the grant to an individual, entity or vendor as a subgrant to accomplish a public purpose, and no contract for commodities or services directly benefitting a spending unit will result, the subgrant is not subject to the competitive bidding requirements set forth in this chapter.

§5A-3-12. Prequalification disclosure and payment of annual fee by vendors required; form and contents; register of vendors; false certificates; penalties.

(a) The director may not accept any bid received from any vendor unless the vendor has paid the annual fee specified in §5A-3-4 of this code and has filed with the director a certificate of the vendor or the certificate of a member of the vendor’s firm or, if the vendor is a corporation, the certificate of an officer, director or managing agent of the corporation, disclosing the following information:

(1) If the vendor is an individual, his or her name and city and state of residence and business address, and, if he or she has associates or partners sharing in his business, their names and city and state of residence and business addresses;

(2) If the vendor is a firm, the name and city and state of residence and business address of the firm;

(3) If the vendor is a corporation created under the laws of this state or authorized to do business in this state, the name and business address of the corporation;

(4) A statement of whether the vendor is acting as agent for some other individual, firm or corporation, and if so, a statement of the principal authorizing the representation shall be attached to the certificate or whether the vendor is doing business as another entity;

(5) The vendor's latest Dun & Bradstreet number and rating, if there is any rating as to the vendor; and
The vendor's tax identification number.

Whenever a change occurs in the information submitted as required, the change shall be reported immediately in the same manner as required in the original disclosure certificate.

The certificate and information received by the director shall be public record.

The director may waive the above requirements in the case of any corporation listed on any nationally recognized stock exchange and in the case of any vendor who or which is the sole source for the commodity in question.

Any person who submits a false certificate or who knowingly files or causes to be filed with the director, a certificate containing a false statement of a material fact or omitting any material fact, is guilty of a misdemeanor and, upon conviction, shall be fined not more than $1,000, and, in the discretion of the court, confined in jail not more than one year. An individual convicted of a misdemeanor under this subsection may never hold an office of honor, trust or profit in this state, or serve as a juror.

§SA-3-17. Purchases or contracts violating article void; personal liability.

If a spending unit purchases or contracts for commodities or services contrary to the provisions of this article or the rules and regulations made thereunder, in any material respect, as determined by the director, such purchase or contract shall be void and of no effect. The spending officer of such spending unit, or any other individual charged with responsibility for the purchase or contract, shall be personally liable for the costs of such purchase or contract and, if already paid out of state funds, the amount thereof may be recovered in the name of the state in an appropriate action instituted therefor: Provided, That the state establishes by a preponderance of the evidence that the individual acted knowingly and willfully.

§SA-3-18. Substituting for commodity bearing particular trade name or brand.

If a spending unit requests the purchase of a commodity bearing a particular trade name or brand, the director may substitute, after consultation with the relevant spending unit, a
3 commodity bearing a different trade name or brand, if the substituted commodity reasonably
4 conforms to the adopted standard specifications and can be obtained at an equal or lower price.

§5A-3-29. Penalty for violation of article.

1 Any person who knowingly and willfully violates a provision of this article, except where
2 another penalty is prescribed, shall be guilty of a misdemeanor, and, upon conviction thereof,
3 shall be confined in jail not less than ten days nor more than one year, or fined not less than ten
4 nor more than $500, or both, in the discretion of the court.

§5A-3-35. Submission of annual inventories.

1 The head of every spending unit of State government shall, on or before July 15, of each
2 year, make an accounting and inventory of, and file with the director, all real and personal
3 property, and of all equipment, supplies and commodities in its possession as of the close of the
4 last fiscal year.

§5A-3-45. Disposition of surplus state property; semiannual report; application of
proceeds from sale.

(a) The State agency for surplus property has the exclusive power and authority to make
1 disposition of commodities or expendable commodities now owned or in the future acquired by
2 the State when the commodities are or become obsolete or unusable or are not being used or
3 should be replaced: Provided, That the director may grant authority to spending units to make
4 disposition of commodities or expendable commodities in appropriate circumstances when
5 determined by the director to be in the State’s best interest.

(b) The agency shall determine what commodities or expendable commodities should be
1 disposed of and make disposition in the manner which will be most advantageous to the state.
2 The disposition may include:
3
4 (1) Transferring the particular commodities or expendable commodities between
5 departments, after consultation with any relevant spending units, and recording the transfer in
6 accordance with governmental accounting standards;
(2) Selling the commodities to county commissions, county boards of education, municipalities, public service districts, county building commissions, airport authorities, parks and recreation commissions, nonprofit domestic corporations qualified as tax exempt under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or volunteer fire departments in this state when the volunteer fire departments have been held exempt from taxation under Section 501(c) of the Internal Revenue Code 1986, as amended;

(3) Trading in the commodities as a part payment on the purchase of new commodities;

(4) Cannibalizing the commodities pursuant to procedures established under §5A-3-45(g) of this code;

(5) Properly disposing of the commodities as waste;

(6) Selling the commodities to the general public at the posted price or to the highest bidder by means of public auctions or sealed bids, after having first advertised the time, terms, and place of the sale as a Class II legal advertisement in compliance with the provisions of §59-3-1 et seq. of this code. The publication area for the publication is the county in which the sale is to be conducted. The sale may also be advertised in other advertising media that the agency considers advisable. The agency may sell to the highest bidder or to any one or more of the highest bidders, if there is more than one, or, if the best interest of the state will be served, reject all bids; or

(7) Selling the commodities to the highest bidder by means of an internet auction site approved by the director, as set forth in a legislative rule pursuant to the provisions of §29A-3-1 et seq. of this code.

(c) Upon the sale to the general public, or upon the sale of commodities or expendable commodities to an eligible organization, the agency shall set the price to be paid by the receiving eligible organization, with due consideration given to current market prices.

(d) The agency may sell expendable, obsolete, or unused motor vehicles owned by the state to an eligible organization, other than volunteer fire departments. In addition, the agency
may sell expendable, obsolete, or unused motor vehicles owned by the state with a gross weight
in excess of 4,000 pounds to an eligible volunteer fire department. The agency, with due
consideration given to fair market value as determined by an independent automotive pricing
guide, shall set the price at a fair market price to be paid by the receiving eligible organization for
motor vehicles sold pursuant to this provision. The fair market value shall be based on a thorough
inspection of the vehicle by an employee of the agency who shall consider the mileage of the
vehicle and the condition of the body, engine, and tires as indicators of its fair market value. If no
fair market value is available, the agency shall set the price to be paid by the receiving eligible
organization with due consideration given to current market prices. The duly authorized
representative of the eligible organization, for whom the motor vehicle or other similar surplus
equipment is purchased or otherwise obtained, shall cause ownership and proper title to the motor
vehicle to be vested only in the official name of the authorized governing body for whom the
purchase or transfer was made. The ownership or title, or both, shall remain in the possession of
that governing body and be nontransferable for a period of not less than one year from the date
of the purchase or transfer. Resale or transfer of ownership of the motor vehicle or equipment
prior to an elapsed period of one year may be made only by reason of certified unserviceability.

(e) The agency shall report to the Legislative Auditor, semiannually, all sales of
commodities or expendable commodities made during the preceding six months to eligible
organizations. The report shall include a description of the commodities sold, the price paid by
the eligible organization which received the commodities, and to whom each commodity was sold.

(f) The proceeds of the sales or transfers shall be deposited in the State Treasury to the
credit on a pro rata basis of the fund or funds out of which the purchase of the particular
commodities or expendable commodities was made: Provided, That the agency may charge and
assess fees reasonably related to the costs of care and handling with respect to the transfer,
warehousing, sale, and distribution of state property disposed of or sold pursuant to the provisions
of this section. Notwithstanding §5A-3-45(e) of this code, if the fund or funds out of which the
purchase was made no longer exist, the spending unit may designate an alternate fund within which the proceeds must be deposited.

(g)(1) For purposes of this section, “cannibalization” means the removal of parts from one commodity to use in the creation or repair of another commodity.

(2) The Director of the Purchasing Division shall propose for promulgation legislative rules to establish procedures that permit the cannibalization of a commodity when it is in the best interests of the state. The procedures shall require the approval of the director prior to the cannibalization of the commodity under such circumstances as the procedures may prescribe.

(3)(A) Under circumstances prescribed by the procedures, state agencies shall be required to submit a form, in writing or electronically, that, at a minimum, elicits the following information for the commodity the agency is requesting to cannibalize:

(i) The commodity identification number;

(ii) The commodity’s acquisition date;

(iii) The commodity’s acquisition cost;

(iv) A description of the commodity;

(v) Whether the commodity is operable and, if so, how well it operates;

(vi) How the agency will dispose of the remaining parts of the commodity; and

(vii) Who will cannibalize the commodity and how the person is qualified to remove and reinstall the parts.

(B) If the agency has immediate plans to use the cannibalized parts, the form shall elicit the following information for the commodity or commodities that will receive the cannibalized part or parts:

(i) The commodity identification number;

(ii) The commodity’s acquisition date;

(iii) The commodity’s acquisition cost;
(iv) A description of the commodity;
(v) Whether the commodity is operable;
(vi) Whether the part restores the commodity to an operable condition; and
(vii) The cost of the parts and labor to restore the commodity to an operable condition without cannibalization.

(C) If the agency intends to retain the cannibalized parts for future use, it shall provide information justifying its request.

(D) The procedures shall provide for the disposal of the residual components of cannibalized property.

(h)(1) The Director of the Purchasing Division shall propose for promulgation legislative rules to establish procedures that allow State agencies to dispose of commodities in a landfill, or by other lawful means of waste disposal, if the value of the commodity is less than the benefit that may be realized by the state by disposing of the commodity using another method authorized in this section. The procedures shall specify circumstances where the State agency for surplus property shall inspect the condition of the commodity prior to authorizing the disposal and those circumstances when the inspection is not necessary prior to the authorization.

(2) Whenever a State agency requests permission to dispose of a commodity in a landfill, or by other lawful means of waste disposal, the state agency for surplus property has the right to take possession of the commodity and to dispose of the commodity using any other method authorized in this section.

(3) If the State agency for surplus property determines, within 15 days of receiving a commodity, that disposing of the commodity in a landfill or by other lawful means of waste disposal would be more beneficial to the state than disposing of the commodity using any other method authorized in this section, the cost of the disposal is the responsibility of the agency from which it received the commodity.

2 (b) The business entity shall submit the disclosure to the State agency prior to commencing work on an applicable contract award.

3 (c) Within 30 days following the completion or termination of the applicable contract, the business entity shall submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract.
