27 Medical Examiner shall be reimbursed a reasonable rate by the requesting party for costs incurred  
28 in the production of records under this subsection, and subsection (c), (f) and (g) of this section.

39 whose patient has died for purposes of quality review and medical record completion.

40 (h) Any person performing an autopsy under this section may keep and retain, for and on  
41 behalf of the chief medical examiner, any tissue from the body upon which the autopsy was  
42 performed which may be necessary for further study or consideration.

43 (i) In cases of the death of any infant, where sudden infant death syndrome is the  
44 suspected cause of death and the chief medical examiner or the medical examiner of the county  
45 in which the death in question occurred considers it advisable to perform an autopsy, it is the duty  
46 of the chief medical examiner or the medical examiner of the county in which the death occurred  
47 to notify the sudden infant death syndrome program within the Division of Maternal and Child  
48 Health and to inform the program of all information to be given to the infant's parents.

49 (j) If the chief medical examiner determines that a drug overdose is the cause of death of  
50 a person, the chief medical examiner shall provide notice of the death to the West Virginia  
51 Controlled Substances Monitoring Program Database Review Committee established pursuant

9 state shall only be obligated for the cost of return of the body equal to or less than that incurred  
10 to take the body for the examination. The payment shall be of a reasonable amount set by the  
11 Office of the Chief Medical Examiner, including, but not limited to, payment of any part of the total  
12 cost as the Office of the Chief Medical Examiner allows.

**§61-12-11. Exhumation; when ordered.**

1 If, in any case of sudden, violent or suspicious death, the body is buried without any
