§21-17-1. Applicability and short title.

The provisions of this article apply to all professions requiring an occupational license or other authorization to practice or perform a specific occupation in this state regulated by this chapter. This article may be known and cited as the “RECAP Act.”

§21-17-2. Definitions.

The words defined in this section have the meanings given them for purposes of this article unless the context clearly requires otherwise.

“Board” means a government agency, board, department, or other government entity that regulates a lawful occupation and issues an occupational license or other authorization to practice to an individual.

“Lawful occupation” means a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational license.

“Occupational license” is a nontransferable authorization in law for an individual to perform or practice a lawful occupation based on meeting personal qualifications established by the Legislature. In an occupation for which a license is required, it is illegal for an individual who does not possess a valid occupational license to perform or practice the occupation.

“Other authorization to practice” is a nontransferable acknowledgment, other than a license, by a state government or board that is provided to an individual asserting that the individual has met the educational and examination requirements to engage in a lawful occupation.

“Other state” or “another state” means any United States territory or state in the United States other than West Virginia.

“Scope of practice” means the procedures, actions, processes, and work that a person may perform under an occupational license or other authorization to practice issued in this state.
§21-17-3. Occupational license or other authorization to practice.

(a) Notwithstanding any other law, the board shall issue an occupational license or other authorization to practice to a person upon application, if all the following apply:

(2) The person has held the occupational license or other authorization to practice in the state where he or she holds a valid license or other authorization to practice for at least one year;

(10) The person pays all applicable fees and meets all applicable bonding requirements in this state.

(b) If West Virginia requires an occupational license to lawfully work in a profession, and another state does not issue an occupational license for the same profession and instead issues another authorization to practice, West Virginia shall issue an occupational license to the person if the person otherwise satisfies subsection (a) of this section.

(c) Any person issued a license under this article must comply with all relevant continuing education requirements to renew a license established by the board and any other rule promulgated by the board as provided by §21-17-8 of this code.

(b) Nothing in this article prevents West Virginia from entering into a licensing compact or reciprocity agreement with another state, foreign province, or foreign country.

(c) Nothing in this article prevents West Virginia from recognizing occupational credentials issued by a foreign province, foreign country, international organization, or other entity.

§21-17-10. Cost for application.

The board may charge a fee to the person to recoup its costs. The fee may not exceed the cost of an application for original licensure charged by the board. Any application for renewing a license after obtaining a license under this article shall comply with the board’s established renewal procedures and fee schedule.
