Be it enacted by the Legislature of West Virginia:

ARTICLE 5V. EMERGENCY MEDICAL SERVICES RETIREMENT SYSTEM ACT.

§16-5V-2. Definitions.

As used in this article, unless a federal law or regulation or the context clearly requires a different meaning:

(a) “Accrued benefit” means on behalf of any member two and six tenths percent per year of the member’s final average salary for the first 20 years of credited service. Additionally, two percent per year for 21 through 25 years and one and one-half percent per year for each year over 25 years will be credited with a maximum benefit of 67 percent. A member’s accrued benefit may not exceed the limits of section 415 of the Internal Revenue Code and is subject to the provisions of §16-5V-12 of this code.

(1) The board may, upon the recommendation of the board’s actuary, increase the employees’ contribution rate to 10 and five-tenths percent should the funding of the plan not reach 70 percent funded by July 1, 2012. The board shall decrease the contribution rate to eight and one-half percent once the plan funding reaches the 70 percent support objective as of any later actuarial valuation date.

1
(2) Upon reaching the 75 percent actuarial funded level, as of an actuarial valuation date, the board shall increase the two and six-tenths percent to two and three-quarter percent for the first 20 years of credited service. The maximum benefit will also be increased from 67 percent to 90 percent.

(b) “Accumulated contributions” means the sum of all retirement contributions deducted from the compensation of a member, or paid on his or her behalf as a result of covered employment, together with regular interest on the deducted amounts.

(c) “Active military duty” means full-time active duty with any branch of the armed forces of the United States, including service with the National Guard or reserve military forces when the member has been called to active full-time duty and has received no compensation during the period of that duty from any board or employer other than the armed forces.

Annual compensation for determining benefits during any determination period may not exceed the maximum compensation allowed as adjusted for cost of living in accordance with §5-10D-7 of this code and section 401(a)(17) of the Internal Revenue Code.

(f) “Annual leave service” means accrued annual leave.

(g) “Annuity starting date” means the first day of the month for which an annuity is payable after submission of a retirement application. For purposes of this subsection, if retirement income

(3) Each hour for which back pay is either awarded or agreed to be paid by the employing county commission or political subdivision, irrespective of mitigation of damages. The same hours of service shall not be credited both under subdivision (1) or (2) of this subsection and under this subdivision. 191 For purposes of this subsection:

For purposes of this article, substantial gainful employment is the same definition as used by the United States Social Security Administration.

Years of service which are credited to a member prior to his or her receipt of accumulated contributions upon termination of employment pursuant to §16-5V-18 of this code or §5-10-30 of this code, shall be disregarded for all purposes under this plan unless the member repays the accumulated contributions with interest pursuant to section §16-5V-18 of this code or has prior to the effective date made the repayment pursuant to §5-10-18 of this code.

§16-5V-6. Members.

(a) Any emergency medical services officer first employed by a county or political subdivision in covered employment after the effective date of this article or 911 personnel hired on or after July 1, 2022, by a participating public employer shall be a member of this retirement plan as a condition of employment and upon membership does not qualify for membership in any other retirement system administered by the board, so long as he or she remains employed in covered employment: Provided, That any emergency medical services officer or 911 personnel who has concurrent employment in an additional job or jobs which would require the emergency medical services officer or 911 personnel to be a member of the West Virginia Deputy Sheriff Retirement System, the West Virginia Municipal Police Officers and Firefighters Retirement System, or the West Virginia Natural Resources Police Officer Retirement System shall participate in only one retirement system administered by the board, and the retirement system applicable to the concurrent employment for which the employee has the earliest date of hire shall prevail.

(b) Any emergency medical services officer employed in covered employment by an employer which is currently a participating public employer of the Public Employees Retirement System shall notify in writing both the county commission in the county or officials in the political subdivision in which he or she is employed and the board of his or her desire to become a member of the plan by December 31, 2007. Any emergency medical services officer who elects to become a member of the plan ceases to be a member or have any credit for covered employment in any other retirement system administered by the board and shall continue to be ineligible for
membership in any other retirement system administered by the board so long as the emergency medical services officer remains employed in covered employment by an employer which is currently a participating public employer of this plan: Provided, That any emergency medical services officer who does not affirmatively elect to become a member of the plan continues to be eligible for any other retirement system as is, from time to time, offered to other county employees but is ineligible for this plan regardless of any subsequent termination of employment and rehire.

(c) Any emergency medical services officer who was employed as an emergency medical services officer prior to the effective date, but was not employed on the effective date of this article, shall become a member upon rehire as an emergency medical services officer. For purposes of this section, the member’s years of service and credited service prior to the effective date shall not be counted for any purposes under this plan unless the emergency medical services officer has not received the return of his or her accumulated contributions in the Public Employees Retirement System pursuant to §5-10-30 of this code. The member may request in writing to have his or her accumulated contributions and employer contributions from covered employment in the Public Employees Retirement System transferred to the plan. If the conditions of this subsection are met, all years of the emergency medical services officer’s covered employment shall be counted as years of service for the purposes of this article.

(d) Any emergency medical services officer employed in covered employment on the effective date of this article who has timely elected to transfer into this plan as provided in subsection (b) of this section shall be given credited service at the time of transfer for all credited service then standing to the emergency medical services officer’s service credit in the Public Employees Retirement System regardless of whether the credited service (as that term is defined in §5-10-2 of this code) was earned as an emergency medical services officer. All credited service standing to the transferring emergency medical services officer’s credit in the Public Employees Retirement System at the time of transfer into this plan shall be transferred into the plan created by this article and the transferring emergency medical services officer shall be given the same
credit for the purposes of this article for all service transferred from the Public Employees Retirement System as that transferring emergency medical services officer would have received from the Public Employees Retirement System as if the transfer had not occurred. In connection with each transferring emergency medical services officer receiving credit for prior employment as provided in this subsection, a transfer from the Public Employees Retirement System to this plan shall be made pursuant to the procedures described in this article: Provided, That any member of this plan who has elected to transfer from the Public Employees Retirement System into this plan pursuant to subsection (b) of this section may not, after having transferred into and becoming an active member of this plan, reinstate to his or her credit in this plan any service credit relating to periods in which the member was not in covered employment as an emergency medical services officer and which service was withdrawn from the Public Employees Retirement System prior to his or her elective transfer into this plan.

(e) Once made, the election made under this section is irrevocable. All emergency medical services officers employed by an employer which is a participating public employer of the Public Employees Retirement System after the effective date and emergency medical services officers electing to become members as described in this section shall be members as a condition of employment and shall make the contributions required by this article.

(f) Notwithstanding any other provisions of this article, any individual who is a leased employee is not eligible to participate in the plan. For purposes of this plan, a “leased employee” means any individual who performs services as an independent contractor or pursuant to an agreement with an employee leasing organization or similar organization. If a question arises regarding the status of an individual as a leased employee, the board has final power to decide the question.

§16-5V-6a. County Firefighter Members.

(a) Notwithstanding any other provision of this article to the contrary, a person employed as a county firefighter may be a member of this retirement plan subject to the provisions of this
section. Full-time employment as a county firefighter satisfies the definition of “covered employment” as defined in this article.

(b) Any county firefighter first employed by a county after the effective date of the revisions to this article made in the 2022 legislative session, shall be a member of this retirement plan by virtue of that employment and upon membership does not qualify for membership in any other retirement system administered by the board, so long as he or she remains employed in covered employment: Provided, That if a member has concurrent employment in an additional job or jobs the relevant concurrent employment provisions of this code shall apply.

(c) Any county firefighter employed in covered employment by an employer which is currently a participating public employer of the Public Employees Retirement System shall notify in writing both the county commission in the county in which he or she is employed and the board of his or her desire to become a member of the plan by December 31, 2022. Any county firefighter who elects to become a member of the plan ceases to be a member or have any credit for covered employment in any other retirement system administered by the board and shall continue to be ineligible for membership in any other retirement system administered by the board so long as the county firefighter remains employed in covered employment by an employer which is currently a participating public employer of this plan: Provided, That any county firefighter who does not affirmatively elect to become a member of the plan continues to be eligible for any other retirement system as is, from time to time, offered to other county employees but is ineligible for this plan regardless of any subsequent termination of employment and rehire as a county firefighter.

(d) Any county firefighter who was employed as a county firefighter prior to the effective date, but was not employed on the effective date of this article, shall become a member upon rehire as a county firefighter. For purposes of this section, the member’s years of service and credited service prior to the effective date shall not be counted for any purposes under this plan unless the county firefighter has not received the return of his or her accumulated contributions in the Public Employees Retirement System pursuant to §5-10-30 of this code. The member may
request in writing to have his or her accumulated contributions and employer contributions from
covered employment in the Public Employees Retirement System transferred to the plan. If the
conditions of this subsection are met, all years of the county firefighter's covered employment
shall be counted as years of service for the purposes of this article.

(e) Any county firefighter employed in covered employment on the effective date of this
article who has timely elected to transfer into this plan as provided in subsection (c) of this section
shall be given credited service at the time of transfer for all credited service then standing to the
county firefighter's service credit in the Public Employees Retirement System regardless of
whether the credited service, as defined in §5-10-2 of this code, was earned as a county
firefighter. All credited service standing to the transferring county firefighter's credit in the Public
Employees Retirement System at the time of transfer into this plan shall be transferred into the
plan created by this article and the transferring county firefighter shall be given the same credit
for the purposes of this article for all service transferred from the Public Employees Retirement
System as that transferring county firefighter would have received from the Public Employees
Retirement System as if the transfer had not occurred. In connection with each transferring county
firefighter receiving credit for prior employment as provided in this subsection, a transfer from the
Public Employees Retirement System to this plan shall be made pursuant to the procedures
described in this article: Provided, That any member of this plan who has elected to transfer from
the Public Employees Retirement System into this plan pursuant to subsection (c) of this section
may not, after having transferred into and becoming an active member of this plan, reinstate to
his or her credit in this plan any service credit relating to periods in which the member was not in
covered employment as a county firefighter and which service was withdrawn from the Public
Employees Retirement System prior to his or her elective transfer into this plan.

(f) Once made, the election made under this section is irrevocable. All county firefighters
employed by an employer which is a participating public employer of the Public Employees
Retirement System after the effective date and county firefighters electing to become members
as described in this section shall be members as a condition of employment and shall make the contributions required by this article.

§16-5V-6b. Transfer of county firefighter member assets from Public Employees Retirement System.

(a) The Consolidated Public Retirement Board shall, within one hundred eighty days of January 1, 2023, transfer assets from the Public Employees Retirement System Trust Fund into the West Virginia Emergency Medical Services Trust Fund.

(b) The amount of assets to be transferred for each transferring county firefighter shall be computed as of January 1, 2023, using July 1, 2022, actuarial valuation of the Public Employees Retirement System, and updated with 7.25 percent annual interest to the date of the actual asset transfer. The market value of the assets of the transferring county firefighter in the Public Employees Retirement System shall be determined as of the end of the month preceding the actual transfer. To determine the computation of the asset share to be transferred the board shall:

(1) Compute the market value of the Public Employees Retirement System assets as of July 1, 2022, actuarial valuation date under the actuarial valuation approved by the board;

(2) Compute the actuarial accrued liabilities for all Public Employees Retirement System retirees, beneficiaries, disabled retirees and terminated inactive members as of July 1, 2022, actuarial valuation date;

(3) Compute the market value of active member assets in the Public Employees Retirement System as of July 1, 2022, by reducing the assets value under subdivision (1) of this subsection by the inactive liabilities under subdivision (2) of this subsection;

(4) Compute the actuarial accrued liability for all active Public Employees Retirement System members as of July 1, 2022, actuarial valuation date approved by the board;

(5) Compute the funded percentage of the active members' actuarial accrued liabilities under the Public Employees Retirement System as of July 1, 2022, by dividing the active
members’ market value of assets under subdivision (3) of this subsection by the active members’
actuarial accrued liabilities under subdivision (4) of this subsection;

(6) Compute the actuarial accrued liabilities under the Public Employees Retirement
System as of July 1, 2022, for active emergency medical services officers transferring to the
Emergency Medical Services Retirement System;

(7) Determine the assets to be transferred from the Public Employees Retirement System
to the Emergency Medical Services Retirement System by multiplying the active members’ funded
percentage determined under subdivision (5) of this subsection by the transferring active
members’ actuarial accrued liabilities under the Public Employees Retirement System under
subdivision (6) of this subsection and adjusting the asset transfer amount by interest at 7.25
percent for the period from the calculation date of July 1, 2022, through the first day of the month
in which the asset transfer is to be completed.

(c) Once a county firefighter has elected to transfer from the Public Employees Retirement
System, transfer of that amount as calculated in accordance with the provisions of subsection (b)
of this section by the Public Employees Retirement System shall operate as a complete bar to
any further liability to the Public Employees Retirement System and constitutes an agreement
whereby the transferring county firefighter forever indemnifies and holds harmless the Public
Employees Retirement System from providing him or her any form of retirement benefit
whatsoever until that emergency medical services officer obtains other employment which would
make him or her eligible to reenter the Public Employees Retirement System with no credit
whatsoever for the amounts transferred to the Emergency Medical Services Retirement System.

§16-5V-31. How a county commission, political subdivision, or county 911 public safety
answering point becomes a participating public employer.

Any county commission, or political subdivision, or county 911 public safety answering
point employing emergency medical services officers or 911 personnel may by a three-fifths vote
of its governing body, or by a majority vote of its electors, elect to become a participating public
employer and thereby include its emergency medical services officers and 911 personnel in the membership of the plan. The clerk or secretary of each such county commission, or political subdivision, or county 911 public safety answering point governing board electing to become a participating public employer shall certify the determination of the county commission, or political subdivision, or county 911 public safety answering point governing board to the Consolidated Public Retirement Board within 10 days from and after the vote of the governing body or the canvass of votes upon such action. Once a county commission, or political subdivision, or county 911 public safety answering point governing board elects to participate in the plan, the action is final and it may not, at a later date, elect to terminate its participation in the plan.
