amount of up to $200 million. The revolving loan shall be used for business or industrial

The revolving loan authorized by this subsection shall be secured by one note at a variable interest rate equal to 50 percent of the West Virginia Economic Development Authority’s weighted average interest rate for outstanding loans in the Business and Industrial Development Loan Program authorized by §31-15-7 of this code. The rate may not be lower than 1.50 percent and must be reset on July 1 of each year. Monthly payments made by the West Virginia Economic Development Authority to the board shall be calculated on a 120-month amortization. The revolving loan is secured by a security interest that pledges and assigns the cash proceeds of collateral from all loans under this revolving loan pool. The West Virginia Economic Development Authority may also pledge as collateral certain revenue streams from other revolving loan pools which source of funds does not originate from federal sources or from the board.

(c) The outstanding principal balance of the revolving loan from the board to the West Virginia Economic Development Authority may at no time exceed 103 percent of the aggregate outstanding principal balance of the business and industrial loans from the West Virginia Economic Development Authority to economic development projects funded from this revolving loan pool.
