Be it enacted by the Legislature of West Virginia:

ARTICLE 5. COUNTY BOARD OF EDUCATION.

§18-5-13. Authority of boards generally.

1 Subject to the provisions of this chapter and the rules of the state board, each county
2 board may:

3 (a) Control and manage all of the schools and school interests for all school activities and
4 upon all school property owned or leased by the county, including:

5 (1) Requiring schools to keep records regarding funds connected with the school or school
6 interests, including all receipts and disbursements of all funds collected or received by:

7 (A) Any principal, teacher, student or other person in connection with the schools and
8 school interests;

9 (B) Any program, activity or other endeavor of any nature operated or conducted by or in
10 the name of the school; and

11 (C) Any organization or body directly connected with the school;

12 (2) Allowing schools to expend funds for student, parent, teacher and community
13 recognition programs. A school may use only funds it generates through a fund-raising or
14 donation-soliciting activity. Prior to commencing the activity, the school shall:

15 (A) Publicize the activity as intended for this purpose; and

16 (B) Designate for this purpose the funds generated;

17 (3) Auditing the records and conserving the funds, including securing surety bonds by
18 expending board moneys. The funds described in this subsection are quasipublic funds, which
19 means the moneys were received for the benefit of the school system as a result of curricular or
20 noncurricular activities;

21 (b) Establish:

22 (1) Schools, from preschool through high school;

23 (2) Vocational schools; and

24 (3) Schools and programs for post-high school instruction, subject to approval of the state
25 board;

26 (c) Close any school:

27 (1) Which is unnecessary and assign the students to other schools. The closing shall occur
28 pursuant to official action of the county board. Except in emergency situations when the timing
29 and manner of notification are subject to approval by the state superintendent, the county board
30 shall notify the affected teachers and service personnel of the county board action not later than
31 the first Monday in April. The board shall provide notice in the same manner as set forth in section
32 four of this article; or

33 (2) Pursuant to subsection (e) of this section;

34 (d) Consolidate schools;

35 (e) Close any elementary school whose average daily attendance falls below twenty
36 students for two consecutive months. The county board may assign the students to other schools
37 in the district or to schools in adjoining districts. If the teachers in the closed school are not
38 transferred or reassigned to other schools, they shall receive one month's salary;

39 (f) Provide transportation according to rules established by the county board, as follows:

40 (1) To provide at public expense adequate means of transportation:

41 (A) For all children of school age who live more than two-miles distance from school by
42 the nearest available road;

43 (B) For school children participating in county board-approved curricular and
44 extracurricular activities;

45 (C) Across county lines for students transferred from one district to another by mutual
46 agreement of both county boards. The agreement shall be recorded in the meeting minutes of
47 each participating county board and is subject to subsection (h) of this section; and

48 (D) Within available revenues, for students within two-miles distance of the school; and

49 (2) To provide transportation for participants in projects operated, financed, sponsored or
50 approved by the Bureau of Senior Services. This transportation shall be provided at no cost to
51 the county board. All costs and expenses incident in any way to this transportation shall be borne
52 by the bureau or the local or county affiliate of the bureau;

53 (3) Any school bus owned by the county board may be operated only by a bus operator
54 regularly employed by the county board, except as provided in subsection (g) of this section;

55 (4) Notwithstanding any other provision of this code to the contrary and pursuant to rules
56 established by the state board, the county board may provide for professional or service
57 employees to be certified to drive county board-owned and insured vehicles that have a seating
58 capacity of fewer than ten passengers including the driver. These employees may use the
59 vehicles to transport students for school-sponsored activities, but may not use the vehicles to

60 transport students between school and home. Not more than two of these vehicles may be used
61 for any school-sponsored activity;

62 (5) Notwithstanding any other provision of this code to the contrary, students may be
63 transported to a school-sponsored activity in a county-owned or leased vehicle that does not meet
64 school bus or public transit ratings if the seating capacity of the vehicle is less than 10 passengers
65 including the driver. This section does not prohibit a parent, guardian, or other adult approved in
66 writing by the parent or guardian from transporting students in a privately-owned vehicle;

67 (6) Students may be transported to a school-sponsored activity in a vehicle that has a
68 seating capacity of sixteen or more passengers which is not owned and operated by the county
69 board only as follows:

70 (A) The state board shall promulgate a rule to establish requirements for:

78 activities as provided in this section only when the insurance coverage required by this section is
79 in effect;

81 (1) Leased buses may be operated only by bus operators regularly employed by the
82 county board, except that these buses may be operated by bus operators regularly employed by
83 another county board in this state if bus operators from the owning county are unavailable.

84 (2) The lessee shall bear all costs and expenses incurred by, or incidental to the use of,
85 the bus.

99 subsection;

100 (h) To provide at public expense for insurance coverage against negligence of the drivers
101 of school buses, trucks or other vehicles operated by the county board. Any contractual
102 agreement for transportation of students shall require the vehicle owner to maintain insurance
103 coverage against negligence in an amount specified by the county board;
