Be it enacted by the Legislature of West Virginia:

ARTICLE 2. STATE RESPONSIBILITIES FOR CHILDREN.

**§49-2-129a. Development of a continuum of independent living and transitional support
services for youth aging out of foster care.**

1 (a) By January 1, 2027, the Department of Human Services shall develop and maintain a

11 youth exiting or aging-out of foster care, and that the continuum of supports has network adequacy
12 for statewide coverage.

13 (d) The department shall ensure that the continuum of supports includes program models
14 designed to meet the differing levels of independence and supervision required by youth as they
15 progress toward self-sufficiency.

16 (e) The continuum shall include, at minimum:

17 (1) Three phases of supportive living arrangements providing on-site independent living,
18 scattered site living arrangements and supportive independent living; and

(1) Account for the varying levels of supervision, staffing, and program intensity required to meet the individual needs of youth;

(2) Be designed to maximize federal Title IV-E reimbursement until the age of 21;

(3) Include an annual cost-of-living adjustment (COLA) for youth consistent with guidance issued by the Social Security Administration;

(4) Be reviewed for sufficiency at least once every three years;

(5) Be adjusted as necessary to ensure the adequacy and equity of reimbursement rates to support quality service delivery and provider sustainability;

(6) Include rate variability to account for fair market rent rates and assure quality staffing; and
