Be it enacted by the Legislature of West Virginia:

§49-2-125a. Right to education for residential placement of foster children.

1 (a) When a foster child is in the process of residential placement, the foster child shall
2 continue to receive his or her education through virtual learning while the foster child is awaiting
3 placement with a foster family.

4 (b) Virtual learning shall be done through the county where the foster student was last
5 enrolled, and if this is not possible, then the virtual learning shall occur in the county where the
6 foster child currently resides while awaiting residential placement: *Provided*, That if neither county

11 (d) The individual, group, or organization responsible for the foster child while the child is
12 awaiting residential placement shall receive information technology ("IT") training from West
13 Virginia Department of Education for purposes of ensuring the foster child shall receive virtual
14 learning. This training shall include education in every step needed for the student to be able to
15 log in and participate in the virtual courses the foster child is enrolled in. This training shall be at
16 the expense of the West Virginia Department of Education.

17 (e) The virtual instruction for the child awaiting residential placement shall occur no more
18 than three days after the child is in the temporary care of the individual, group, or organization.
