§3-2-2a. Residence determinations, challenges for registration and voting.

(a) The residency of any person offering to register to vote may be challenged by the Secretary of State or county clerk. The person challenging the validity of residency shall be governed by the following rules, so far as they may apply:

(1) That place shall be considered the residence of a person in which that person's habitation is fixed, and to which, whenever that person is absent, that person has the intention of returning. In the case of a challenge:

(A) In the event that a person's usual habitation is divided by a state, county, municipal, precinct, ward, or other election district, then the location of the bedroom or usual sleeping area for that person with respect to the location of the boundary line at issue shall be controlling as the residency of that person.

11 (B) The person challenging the residency must complete a form prescribed by the
12 Secretary of State stating, at a minimum, the name and address of the person offering to register
13 to vote and the reason for the proffered challenge. The challenge shall be filed as a matter of
14 record in the office of the applicable county clerk.

15 (i) Upon receipt of the challenge, that county clerk shall mail a notice by certified mail,
16 return receipt requested, to the person offering to register to vote, providing notice that the voter's
17 registration application will be declined if the person offering to register to vote does not appear
18 in person during business hours at the clerk's office within a period of 30 days from the mailing of
19 the notice and present to the clerk evidence of his or her residency. The form of the notice of
20 challenge transmitted by the clerk shall be prescribed by the Secretary of State.

21 (ii) If the notice of challenge is returned as undeliverable at the address of the residence
22 contained on the person's voter registration application, or, if the person offering to register to
23 vote does not appear and present evidence of residence within the prescribed time, then, the
24 person's voter registration application shall be declined. Returned mail shall constitute prima facie
25 evidence of the registrant's ineligibility.

26 (iii) If the person offering to register does appear in a timely manner, and, present evidence
27 of his or her residency, then the clerk shall determine the person's eligibility to be registered as a
28 voter as in any other case. If the reason for ineligibility is that the person offering the to register
29 does not reside at the address on the voter registration application and the person offering to
30 register to vote presents evidence of his or her residence elsewhere in the same county, then the
31 county clerk shall allow the person to complete and file a new voter registration application with
32 the correct residential address.

33 (iv) The presentation of a determination of a person's residence and the boundary line at
34 issue by a map, or, by another means available, shall constitute prima facie evidence of the
35 geographic location of the residence of that person.

(C) In the event that a person's residence is not a traditional residence associated with real property, then the location of the usual sleeping area for that person shall be the controlling factor as to the residency of that person. Residence shall be broadly construed to provide all persons with the opportunity to register to vote, including their stating a mailing address different from a residence address.

(D) A person shall not be considered to have lost his or her residence if that person leaves home and goes into another state, county, municipality, precinct, ward, or other election district of this State, for temporary purposes only, with the intention of returning.

(E) A person shall not be considered to have gained a residence in any county, municipality, precinct, ward, or other election district of this State, into which he or she comes for temporary purposes only, without the intention of making that county, municipality, precinct, ward, or other election district a permanent place of abode.

(4) If the person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of making that place a permanent residence, that person shall be considered to have lost residence in the state, county, municipality, precinct, ward, or other election district from which he or she has removed.

(5) If a person removes to another state or county, municipality, precinct, ward, or other election district within this State, with the intention of remaining there an indefinite period of time and making it the person's place of residence, that person shall be considered to have lost residence in the state, county, municipality, precinct, ward, or other election district from which he or she has removed, notwithstanding that person may possess an intention to return at some future time.

(6) If a person goes into another state, county, municipality, precinct, ward, or other election district, or into the District of Columbia, and while there exercises the right of a citizen by voting in an election, that person shall be considered to have lost residence in the state, county, municipality, precinct, ward, or other election district from which he or she removed.

(7) School teachers shall not be considered to have lost his or her residence if that person leaves home and temporarily goes into another state, county, municipality, precinct, ward or other election district in this State for the purposes of teaching, with the intention of returning.

(8) If a person removes to the District of Columbia or other federal territory to engage in government service, that person shall not be considered to have lost residence in this State during the period of such service unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.

(9) If a person removes to a county, municipality, precinct, ward, or other election district to engage in the service of the government of this State, that person shall not be considered to have lost residence in the county, municipality, precinct, ward, or other election district from which that person removed, unless that person votes in the place to which the person removed, and the place at which that person resided at the time of that person's removal shall be considered and held to be the place of residence.

(10) The establishment of a secondary residence by an elected official outside the district of the elected official shall not constitute prima facie evidence of a change of residence.

(11) For the purpose of voting, a spouse shall be eligible to establish a separate domicile.

(12) Students who intend to make a home in the community where the student attends school may make that home his or her residence for voter registration purposes. The student need not intend to stay in the community beyond graduation in order to establish residency there.
